DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED during the journey from THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, to the city of São Paulo, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Love and honor the Plan of God for this world and for each heart. Deepen within yourself the true meaning of your life, and let this spiritual deepening be the foundation of your growth, let it be what pushes you to move forward, every day, despite everything that happens in the world.

Meditate upon your essence, and seek to know more about yourself, meditate on what makes you similar to God, from the beginning that originated your creation. And, from there, allow that your consciousness may enter superior realities, spiritual and divine, that will give you inner support to remain in this world, in this time.

Child, I say all these things because it will only be by establishing yourself in the spiritual levels that you will overcome these times. Otherwise, the harassment and influences of the world will confuse your mind and your heart, and you will no longer be able to distinguish between what is true from what is illusion.

Only the persevering hearts will remain in the world as seeds for a new life. In them, the Divine Will will be fulfilled, and their surrender will generate merits so that other beings from this wide Celestial Creation may receive the opportunity to continue evolving, growing and becoming closer to God, by returning to their Origin.

For this reason, in these times, before anything else, deepen into your inner world, become established in the knowledge of yourself, not as a human personality, but as a divine creature. Thus, your whole consciousness will know where the illusion ends and where truth begins, know what is the limit of the mistakes in this life, so that you will be able to overcome your own human condition and become a divine triumph.

You have My blessing for this.

The Most Chaste Saint Joseph
