**SPECIAL MESSAGE OF CHRIST JESUS, TRANSMITTED DURING THE 8th MARATHON OF THE DIVINE MERCY, IN THE MARIAN CENTER OF FIGUEIRA, MG, BRAZIL TO THE VISIONARY FRIAR ELÍAS**

If in truth you knew about the healing power of My Blood, many irreparable situations in the spirit of My Children would be healed by the Christic code of My Transfiguration.

On this day of Glory and infinite Honor in the Heavens, My Father has granted Me to give to you the **Devotional to the Powerful Blood of Jesus**.

The Blood that was poured by Me during the Passion transformed completely the evil that humanity was living, because My Sacred Blood poured during the Passion meant the total conversion of the great evils of humanity.

The power of My Most Precious Blood is concentrated in the spiritual light that exists among the Christic cells of My Glorified Body, cells that being human were transfigured into Redemption, Mercy and Compassion.

For this, each drop of Precious Blood that My Consciousness lost during the Passion, out of love for you, represented the perfect cellular interchange of the old code of humanity for the new code; in this way, all of the Powers and Celestial Rays of Adonai acted during the course of My Passion to redeem the cellular evil that humanity had generated.

My humble and simple Being was offered out of love to its brothers and sisters to receive as humanity and as consciousnesses, the Universal Genetic Code of God, that which was and is the manifestation of the Science of God in the life of all of humanity.

From this Universal Code of God comes the Christic love and this grants the opportunity of the awakening of Redemption. For this, whoever invokes the power of My Blood will be able to know that they will be united to the important moment in which Jesus was converted in Christ after death and when the Water and the Merciful Blood flowed out from His side.

This devotional to the Powerful Blood of Jesus aspires to spiritually transform the evil and the pain, the suffering and the disease that each soul may be going through. Because the power of My Blood, when it is devoutly invoked expels the intruding demons, the evil thoughts and exorcises from the body that which has been incorporated.

The power of My Blood redeemed the infernos during the three days that I spent there to resuscitate the deported and to rescue the condemned. Imitate the example of My Blessed Mother Mary, who was the first prophetess and disciple that adored the power of My Most Holy Blood.

I come in this era to give opportunity and help to those who may open to Me the door of the heart.

I intend that My Soldiers may be one only mind and one only heart so that in this way they may be able to banish the beast that has succumbed the world.

If you are united to Me in the power of My Blood humanity will receive some more time of Piety and of Mercy.
