DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS??????

When My Heart comes to the world, it is not only to bring souls the Gift of Peace. I come to teach them to experience this Gift that God has already given them through the presence of His Divine Messengers.

I come in humility and silence so that souls may understand that the great things are only achievable when the heart knows to be small. The most infinite and hidden mysteries are revealed as a higher understanding to the heart that knows how to be humble, even without recognizing this in itself. Because God seeks the least to reveal His Face to them, seeks the most imperfect, yet who are willing to be someone else every day, allowing their hard clay to be molded by the Hands of the Celestial Potter.

Those who love the appearance of their own clay and take care of it as if it was a treasure will never be able to become receptacles of a true treasure, of a Universal Legacy. That is why, children, I continue to come to your encounter, because you have a long way to go in your yielding to God, a long way to surrender. This Work is not complete yet, but it can be constant if you were willing, every day, to begin again and be different. Every day offer the Father a small part of your clay so that it may be transformed and, thus, He can little by little design His Work through you.

Children, find the true meaning of life in transformation, so that at last, you can one day discover the truth about yourselves.

There is a meaning for human existence; there is a truth that transcends appearances and there is an experience to be lived that transcends all teachings and all wisdom written in the Sacred Books of this world.

Contrary to what many think, in order to know, you must be, and in order to be, you must allow yourselves to be transformed. I am here to help you.

Your Father and Friend,

The Most Chaste Saint Joseph
