DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Today, at least for once, I would like you to step out of yourselves, your small miseries and see the great miseries of humanity with Me.

Therefore I make you apostles of the word, in truth, in fidelity and in service, and even if often you do not reach these attributes, I know that you try to experience them every day.

For this reason, by approaching your lives to these attributes, you will be part of the stream of My Mercy as servers in all corners of the Earth.

Today I have come with all the hope and Mercy in My Heart to make a special request to the missionaries who in a few months will experience the humanitarian mission in Lebanon.

My request is that as My servers you may not only expand Mercy in that place, but also for the first time, this Mercy may piously reach the African continent, especially Luanda, Angola.

I would like the suffering and extreme pain that is experienced there and reflected on the faces of My poor lambs, to be relieved.

Truly, I come to ask the group of missionaries that after visiting Lebanon, they go to Angola to carry all love and Mercy possible to the suffering and marginalized hearts.

I consider this day special for Me, because the Father of the unfathomable Mercy granted this very important Grace to my flocks from Angola.

I wish that through service, pity, love, healing and Mercy you may reach everyone, because it is through you that I will be able to bring relief and light to the forgotten souls.

I thank you for considering my appeal!

Who blesses you,

Your Master, Christ Jesus
