SPECIAL MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Fifth day of the novena

When the Holy Spirit descended upon the Most Holy Mary, placing in Her Pure Womb the Savior of the World, the Son of God, the Messiah awaited by the people of Israel, My Heart trembled before this mystery.

Between the feeling of not being worthy of such Grace and the struggle with My human condition, to truly understand the Will of God for Our Family, I had to take a leap of faith and of spiritual maturity, because I knew that after the "yes" of the Holy Virgin, My response would be definitive for the fulfillment of that Plan.

Many times, God places His greatest trust in His smallest and most imperfect children. This leads them to grow and overcome themselves, and with the step of these children of His, all of humanity takes a step in their inner growth.

When God entrusts you with a mission that seems great, even if you do not understand its greatness and do not embrace the responsibility it brings, say "yes" to the Father, praying in My Name:

Lord,
just as Saint Joseph, Who was small and imperfect,
accepted the great mission that You entrusted to Him,
help us to accept Your Will, to assume our mission
and to grow in maturity and love for Your Saving Plan.

Amen.

Your Father and Companion, with a Heart similar to your heart,

The Most Chaste Saint Joseph
