**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

I am like the Sun of the Universe that day by day wants to illuminate you and love you so that you may be able to live something unique and glorious in My Son. Live in the Spirit of Christ and, in humility, reconcile your lives with His Sacred Heart.

Dear children, in the daily reconciliation of your hearts with My Son, you will help so that many souls that are lost in the life of the world and souls that do not feel God may all be guided by the Light of My Immaculate Heart.

Little children, through trust in Christ, you will be able to renew life and all the mistakes committed, especially those that are repeated without being able to be forgiven. All these will receive the right measure of Divine Mercy. Therefore, your hearts, as part of humanity, will revert to world situations in which all souls live, such as the lack of faith and the absence of love.

Today I invite you to renew yourselves before My Son through prayer so that everything may be reconciled and forgiven according to the precepts of the Most High God.

Dear children, in the act of reconciliation you will be saved and many souls that still deny and do not live the Living God may be touched by the presence of My Maternal Love. But for this to happen, I need you in prayer, affirming in your hearts the life of Mercy so that the majority of the faults committed by humanity may be forgiven.

My children, we are now on the path towards the reparation of the heart and of life, therefore I invite you to exercise patience before what is unbreakable and to remain in My Immaculate Heart so that My Love may heal everything.

Recognize that without God the Father nothing can be done. May gratitude spring in you for being before His throne.

Mercy for My children from the whole world!

Mary, Mother of the Divine Conception of the Trinity
