DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

While My son prepares Himself for the planetary work of these next days, His Heavenly Mother follows Him in silence, as it was two thousand years ago.

The event of the Passion of the Son for this planet is repeated, along with the accompaniment of His Mother, in inner silence.

The whole scene is being prepared, and in the same way the present forces of chaos are being called to penitence and surrender, to witness the new triumph of Christ within the hearts of the simple.

Once more, the history of redemption of evil repeats itself, but this time, the most chaotic darkness, the darkest kingdoms are dissolved and, thus, they will witness the glorious spiritual coming of the King.

Although everything is agitated, the new triumph of the Redeemer is approaching, and nothing invisible will be able to avoid seeing this sacred victory of Jesus, He who will bring in His right Hand the Scepter of the Light of God, and in the other, the Sword of Saint Michael, the one that will dissolve all darkness into the Light of Emmanuel.

Therefore, follow My Beloved Son in this mission. Allow that His inner suns light up with the event of the celestial victory.

May every principle, as well as every visible or invisible creature, surrender to the arrival of the Master of Love, because the Kingdom of God is approaching, and once again, Love will win.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
