DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Silence and meekness are the greatest tools of the warrior in this time of battle. Not a silence that leads you to observe the mistakes of others and to judge them, but a silence that unites, a silence that watches, a silence that observes over itself, its thoughts and feelings, and thus keeps the principle of unity, not allowing the enemy to enter any level of consciousness. Therefore, become silent, observe yourselves, and save your own energies to build up the inner strength and that of the whole group.

Chaos is distraction, noise, quarrels and vanity, and at all times finds that the doors are open to enter into the human consciousness, for it easily adheres to these states.

Unity, which comes from love, compassion, understanding and mercy, must be cultivated like a delicate flower full of recommendations. It is a rare attribute, although it is primordial to human evolution; therefore, it needs greater attention and care.

So, in silence, cultivate unity; strengthen love and acts of mercy.

Always be on watch and you will find intuition and a higher feeling, so that, before the enemy attacks, you perceive its presence and do not allow its entrance.

You have My Blessing.

He who prays and watches over humanity,

The Most Chaste Saint Joseph
