DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED ON THE EAGLE OF LIGHT BUS, DURING THE JOURNEY FROM THE CITY OF CORDOBA, TO THE CITY OF CAPILLA DEL MONTE, ARGENTINA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

May each service rendered by the servers and the consecrated to the Plan of the Most High God be the reason for generating the necessary balance and heal the past evils of such transgressing humanity.

May your hands as from now begin to rebuild the world through acts of service, to repair the evil caused in the beginning and placate the chaos that is precipitating over the world.

There are many places on the planet that have not been destroyed by war or overtaken by armed conflicts, but they are as spiritually wounded as those that are at war.

Humanity, as consciousness, has assaulted planetary life so much that a large part of the spirit of the planet is being deteriorated and is suffering like a dying person, who takes their last breath of life.

The way to heal this sick world is only with love, love in all its expressions: love through acts of fraternal charity, love radiated in prayer, love radiated through silence, love manifested in the heart that is transformed for love of the Plan of God.

A server who is on their way to a mission requested by God must be like the laborer that carries in their hands the brick and cement to rebuild the planetary consciousness*. In each small act, there must be a full and absolute love, which transcends the conditions, the differences, the mistakes, the fear and the sorrow. In this way, you will shortly be able to be converted into true instruments of God.

Let the active and luminous reconstruction of the spiritual life of humanity be in the intention of every missionary.

The human consciousness was created based on divine and pure principles, which gave it the peculiarity of being able to directly unite with the Creator, without intermediaries. Those principles were attacked from the beginning of this Project, and the forces of the adversary tried to change them into what you know as capital energies, which today are many more than seven.

In order to be as crystalline as God thought again and to achieve the Divine Purpose, the time has come to cause the divine principles to keep growing in your own interior and in the interior of your fellow beings and thus, gradually weaken those dark forces that have grown so much in the human consciousnesses.

This is why I ask you to begin each day of service by pleading with God for the Grace of humility and unity with Him. In this way, taking the first step of your days with the intention of being pure, you will be assisted by the angels to serve in a crystalline way and to be true instruments of the Creator of the world.

For the reconstruction of the spiritual consciousness of the planet,

The Most Chaste Saint Joseph
