DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

In the same way that the enemy tries to weaken the different religions in the Middle East and mixes economic interests and power with the religious conflicts so that humanity no longer wants to reconnect to God, the enemy also weakens the role of the indigenous consciousness in the world, placing the original peoples in the face of the so-called "technologies".

The adversary of God tries to imprint in the human consciousness the idea that the indigenous peoples are primitive and that, being so, they delay the evolution of the planet in general.

Be attentive, because this is a destructive thought that diverts you from the Plans of God!

As I have already told you previously, the original peoples who remained faithful to the pure principle of their existence are guardians of fundamental attributes of spirit for the development of humanity.

The indigenous move and act based on intuition, wisdom, on the feeling of the heart, on the union with nature, on reverence for the sacred. Imagine the human being without these spiritual attributes! They would lose their life, their essence, their bond with God.

May the mission in Chaco not only be to render a service, but that you also allow yourselves to experience a mutual exchange: protect, support, and assist those that keep you spiritually united with the Wisdom of God.

These two missions, both to the Middle East and to Chaco, must renew the principles of faith, fraternity and unity in the human heart. Every service, every prayer and every liberation must have that purpose, because with faith, fraternity and unity, the heart will be able to know love one day.

Be in a posture of great humility, because both in one mission as well as the other, in spite of having many resources to help, if you are in a posture of learning, besides helping in great processes of spiritual liberation, you will bring many codes of maturation and wisdom in your consciousnesses.

Humility is the key to service. One who serves with the intention of being a bridge between God and humanity, transcending their expectations and aspirations, will accomplish the Purpose of the Lord, not only for their goal of service but also for their own transformation and the transformation of the human consciousness as a collective.

I love you, and in omnipresence, I accompany both missions as well as all the prayerful beings that support them. May everything be for the fulfillment of the Plans of God.

May peace and love be established in the world.

The Most Chaste Saint Joseph
