**SPECIAL MESSAGE OF THE MOST CHASTE HEART OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

There is no evil that can enter the consciousness of a server if they do not open the door to it. Because, although they will know the chaos in its maximum expression, they will never be penetrated by it if they keep the door to darkness closed and keep the door of the heart open to superior Light.

My dear companions, in these planetary times, you will not experience greater evil, except the one the being causes to themselves, because both Light and darkness will be available in big flows for the choice of the server incarnated in this world.

Concerning this particle of your consciousness which still aspires to surrender to material desires, if you do not allow it to come to the light, you will always face the risk of being before a mistaken choice.

As Father and Instructor of your souls for such a long time, it is up to Me not only to awaken you, but also to warn you when you cannot understand the true path to be followed.

This is the planetary moment in which the Law of duality will manifest its greatest expression, and all beings will see, within or outside of themselves, a situation of choices and definitions to be taken, because the universe awaits you to dictate the next steps of humanity.

If each server knew that their choices define part of the destiny of humanity and, more than knowing, if they lived according to all they know, they would not limit their efforts to surpass the barriers of incomprehension and of self-love and reach a state of absolute adhesion to the Plan of God, independently of the form of their participation.

My dear ones, these are times in which the smallest movements generate the greatest universal repercussions, because, just as one of you that reaches the Christification will be able to change the destiny of this universe, also one of you that abandons this boat of salvation will prevent many souls from attaining redemption and the possibility of returning to the celestial origin, souls that often, if they were awakened, would have a vital role within the Plan of God.

As your Father, I warn you and ask you to try to see life in this world from a broader point of view. Awaken to the Law of spiritual cause and effect and remember all the souls that depend on a definite "yes" of those who will be loyal to the Plan and remember the so many others that will miss their evolution for not having the possibility of finding a superior truth.

Today I come to meet you to enter within the consciousness of humanity and give it an impulse towards the awakening of a new race, full of the Spirit of God, but many have forgotten that I am here.<sup>1</sup>

Is everything already solved within you, have you become self-sufficient or have you forgotten the life of the spirit, before all the demands of life in matter? Will you conquer yourselves, to discover the power of faith or will you regret before the fallen structures and the missed opportunities for not

having corresponded to all that was given to you?

This is not a moment of reflection because you have already had over 25 years to reflect. This is a moment of definition and of an active awakening.

Do not walk backwards and do not stop your steps.

After opening your heart, you must become soldiers of this plan of Love, but many have not even allowed themselves to open their heart.

After becoming praying beings, you must conquer yourselves to surrender completely to God.

My Words sound clear in the hearts of those who recognize Me.

I Am your Father and Instructor and I leave you My blessings for the coming days.

The most chaste Saint Joseph

1 Saint Joseph refers to the questions that can be made to Him through Letters to Saint Joseph
