Apparition of the Glorified Christ Jesus during the Sacred Week, Day 2, at the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

Today My Celestial Church is here and I came to administer the sacraments to you first, so that like Me, you may achieve holiness.

See, companions, how important the sacred elements of My Altar are. They are part of My Celestial Church stretched out to the ends of the Universe, between the dimensions and in all the planes of consciousness.

This is the true Church that I want you to achieve, because you can be part of the people of God and thus be within My Celestial Church. How important these elements are, so that souls may receive the Graces, spiritual healing, and more importantly, redemption.

Today I have administered the sacraments to four priests, representing many more who serve Me throughout the world. Because if the priest is not united with Me with all his heart and soul, the Celestial Church cannot descend nor approach souls.

These four souls to whom I have administered the sacraments today, represent the shepherds of Emmaus, who trusted in My Resurrection and who in the last instant of their lives, when their consciousnesses were awakening, received Me without perceiving it and confirmed in themselves a trust in God, in the Eternal Father.

Today I want to extend this Church of the Universe to all, because it is necessary that all enter into it, so that once again, companions, you may be baptized, anointed, and blessed by the Holy Spirit, who is the one who brings together the value of all the sacraments that are offered on this planet.

I want you to feel the angels of God within My Church, that come to participate in this meeting with Me. Open your hearts and enter into My Celestial Church, so that you may meet the Celestial Father in this very acute hour of the planet, when many souls submerge many others in the abysses of error and sin.

As a Greater Priest, today I want everyone to feel they have received the sacraments of My Spirit, remembering that the main sacrament for your lives is the Eucharistic and that all the value you are able to give it represents an incalculable faith in these times.

Now, I will have My Celestial Church rest upon your souls. I want you to kneel and let us go to meet It.

See the angels descend from Heaven and bring in their hearts the Glory of God, so that it may be expressed from on high in all beings of good will.

Friar Elías del Sagrado Corazón:

Jesus is asking four Helpers of the Divine Mercy to place the four communion baskets that are on the Altar.

While My Church is open to all, the moment of the great invocation has come, because He who is in the Heavens and gives us eternal life must be praised and honored always.

Powerful is His Love. Great is His Mercy.

Blessed are all those who unite with His Original Source.

While the angels approach My Church, we will praise God and His Holy Name, through the sacred words of the melodic Kodoish. Let all sing from the heart while the doors open, to reveal the mystery of My holy Celestial Church.

Song: melodic Kodoish

This Celestial Church is based on a great treasure of the Father: The Ark of the Holy Covenant, which holds the greatest experiences of love lived since the beginning of this creation.

The Ark represents the synthesis of all that is created, and expresses the Gifts of God, given by the Holy Father to the different humanities.

This is the Ark that is contemplated by celestial beings and by all the angels of Heaven, who participate in this perpetual communion with this sacred symbol of God.

See also within It, the Holy Grail, a faithful instrument that was held by My Hands during the Last Supper, when I was able to institute an unbreakable covenant between humans and God.

Holy is the Almighty Who has permitted these relics, which come from the Universe and from the Earth, to be kept in the Holy Ark.

The faithful patriarchs of the history of your humanity had contact with this spiritual symbol to know how to achieve union with the spiritual essence of God, something that is kept in His infinite Heart, and which is extremely invisible.

Four Angels guard the Holy Ark so that it may be protected, and at the same time adored, because God placed within it the spiritual, as well as non-material, instruments that He used to generate the Creation, which are His deepest Gifts, His pure and real desires that in this Universe a sacred humanity may exist that is able to love Him much more than He loves all of Creation. That is why I came to the world, to extend the mystery of the Holy Ark, through My incarnation on Earth, as one of the main Aspects of God, expressed through Love-Wisdom.

The Ark was also filled by My Sacrifice on the Cross and at each step of My Passion.

From this Ark came the new knowledge for humanity of the surface, because when My Blood was spilled, the holy Angels, at the foot of the Cross, gathered it up to spiritually place it inside the Ark that holds the history of this Creation and which only God and the Archangels know.

Why do I reveal this to you today? My loving friends, it is so that your spirits, which have been victims of suffering and also of many errors made throughout time, may bathe in the Divine essence of the Holy Ark, and thus a new opportunity may arise in the next six months that will be inexplicable for your lives.

If this aspiration of God, which He pours out today through His beloved Son present here, giving you the revelation of the Holy Ark, and if all the aspiration and the project thought of for this Sacred Week, were truly considered by your hearts, and valued like you have never valued anything before, I could say that at least a part of the world will not tremble.

If your trust were complete, in this mystery of the Holy Ark, kept in the Center of the Spiritual Church of God, souls could receive a maximum grace that they have never received, so that your consciences and the planetary life may be regenerated in this final time.

The Sacred Ark, contemplated and adored by the Angels of Heaven, is safeguarded by two menorahs. When the fourteen candles lit on the two menorahs are completely consumed after these seven days with Me, from the Universe will come a great announcement for humanity, so that many more may awaken and respond to the Call of God, uniting as a single race and rebuilding the foundations of the planetary consciousness, so that the first impulses of a New Humanity may finally emerge.

The Celestial Church is permeated by the Sacred Presence of the Holy Ark, so that the covenant between souls and God is vivified in these times, and may awaken new patterns in the behavior of humanity.

Now we will give sacred significance to the elements placed on the altar, so that they may be a source of salvation for souls.

You may sit down.

The Lord God Almighty made Himself small and insignificant through His Son, and His Son, at the same time, made himself even smaller and more humble among the humble, so that many could attain Light and redemption. In this mystery that I reveal to you today, the bread and the wine represent the effort of humans of the Earth, to generate in themselves, the merits of being able to enter into the Source of Divine Life.

Valuable are the sacrifices offered at the altar of Our Father, because no matter how small they may seem, God contemplates, through them, the absolute love that each soul can give with each new step it takes.

Thus, the bread and the wine, converted into the Body and Blood of Christ, represent for souls of the Earth, a great Source of eternal Wisdom and the possibility of incarnating in the self, with much faith, the Gifts of the Creator. That is why the angels participate in the moment of the transubstantiation: so that life, all human life, also receive this transfiguration of their cells, just as Their Lord, Jesus the Christ, was transfigured on Mount Tabor, to reveal to the world Who He was in truth, in essence, and in spirit.

You also, companions, have a real essence, which is attacked by my adversary. That is why I come from Heaven to take out of your lives everything that separates you from My path, because in the end, what I deeply desire is that you love one another, in the same way that I love you, through God. So be it.

Today, your guardian angels participate in this moment. Have your hearts rejoice, and smile at the life that God gave you, so that My Mercies may continue to pour out into the whole world, and in that way, the wars may end, the conflicts cease, and the triumph of My Heart be concretized in

humanity. Hallelujah! Hallelujah!

I bless these elements to demonstrate to you the testimony of My Love for humanity. Blessed are those who participate in this meeting, because they will be giving to God My sorrowful Passion for the salvation of this planet, its continents and oceans, everything that was created from the beginning, from the minerals, plants, animals, and every living being that vibrates in this Universe, as a bearer of Peace.

The codes that I poured out at the last Supper are kept in the Holy Ark. Blessed be those who contemplate it from the heart, because they will feel the new life in themselves.

While My Church shows itself to the world, so that the spirituality in humanity may be restored, today I want you to offer God a song originating in this community, which has born many fruits. This song reveals a mystery: the simplicity of being united with God, in the transcendence of your beings.

Today I would like all those consecrated members of the Communities of Light, the Guardians and Wardens, called 'Light Residents', to approach this altar to sing this song to Me, which will be taken to God. The missionaries can also be here.

Light the flames of love in your hearts, because this moment is unique for the world, and I cannot tell you how many more times it will be repeated, because the Earth and its entire race is at its great peak of purification, trying to be brought to the doors of redemption.

Friar Elías del Sagrado Corazón:

Let us sing, at the request of Our Lord, "Breath of Spirit."

I would like to say to the Light Residents, that for Me they represent the seeds of the new patterns for this humanity, which being in its suffering, has turned away from love. Today, to you, dear guardians of My Centers of Love, I give a blessing, to calm your hearts and to cheer your spirits, for this sacred meeting.

Have faith, because I am closer than it seems.

In the name of the Father, the Son, and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón:

Let us sing with joy.

Song: "Breath of Spirit"

If someday you lose hope, remember that this song brings you closer to the Cosmos and to the Infinite, to the depths of your essences, so that the Sacred Will of God may be concretized in all His creatures.

I bless you by Celestial authority, which the Almighty granted Me as His Firstborn, in the name of the Father, the Son, and the Holy Spirit. Amen.
