**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED ON MOUNT ACONCAGUA,
MENDOZA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Olam, the Sacred Eternity of God

Dear children,

One of the Aspects of God, Olam, leads the earthly humanity to the elevation of spirit and of the senses.

Olam represents, in this Universe, the possibility for each creature, created in His image and likeness, to discover within its inner universe the aspect of immortality, that is to say, that which is eternal, which nothing can dissolve.

Olam brings eternal life, eternal service to Creation and consecration to the supreme Life of divine existence.

Within the Universe, the spiritual aspect of Olam helps correct the path of evolution, it helps each human being to stay within the path of awakening and the evolution of consciousness.

Therefore, Olam represents in these times the time of the correction of the essences of the Universe and the time to again direct them towards the threshold of eternal Life, a place in which the spirit of each creature will hold forever the remembrance of the Love of God and His divine spiritual Science of divine Alchemy, which conceives in the essences the new patterns of eternity and ascension.

Olam brings, in these times, the readjustment of consciousnesses of the Earth to the cycle of the end of times. This sacred Aspect of God facilitates the intimate affiliation of each soul and each spirit with the Celestial Father.

Olam means this fire that, being eternal, sublime and divine, purifies the human consciousness and elevates its plane toward a spiritual and unique level.

Olam is the essence of our inner resurrection to the light of the Spiritual and Mental Universe.

Olam is the path to find the Dwelling of the Elysians.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
