SPECIAL MESSAGE OF GLORIFIED CHRIST JESUS, TRANSMITTED DURING THE 31ST MARATHON OF THE DIVINE MERCY, IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Although the pressure is great, My Grace is infinite and can save souls. Therefore, I have come from the universe today to bring you peace, the peace that is missing in the world, and that is dissipated due to the darkness. But My Kingdom can become visible in the meek and pacific hearts that carry this peace to the world as an emblem of union with the Celestial Father.

I have asked everyone to come here, to this Sacred Center, to establish a purpose in your consciousnesses that goes beyond your understanding and is experienced in the spirit.

Today I have come from a very special place on the planet where I experience a retreat and a profound silence to meditate before the next steps that humanity must take. I would like to elevate you to that place, but first, you must pray so as to be able to enter it. This place of which I am speaking to you today is the desert of Shambhala, where the true inner reality exists, where everything had its origin, at the beginning of the Creation of My Father, for this planet and humanity.

Today I put you in this place so that you may seek Shambhala and thus remember what your purpose is for these times that are coming. But I will request this only to a few because I cannot do it for the whole world. The world is very distracted and thus it will not be able to see Shambhala, but you who do know it and have known it, relive these principles. Enter into the desert with Me, way into the desert, to find the temple within you, so as to be able to hold on to these gifts during the time of tribulation that you will still experience in the world, the tribulation that has not ended and that has just started.

I am your Shepherd and I guide the flocks of My Father. This is why I call you to enter into the inner Shambhala, and not to forget your true face, that which comes from time to time to live this experience of love and forgiveness that humanity has forgotten.

If I am to be found meditating and in retreat in the desert of Shambhala, why will you not do so? After the decision that My Father has made, new things must be thought from the heart so that spirits are able to be born in the works and carry out the designs of God. Therefore, the retreat is important, your inner retreat in the face of so much demand from humanity, in the face of so much service, and of spiritual and material need. I invite you to be in an inner retreat for you to be able to perceive things from another point of view, just as I see them.

I take you all to the desert of Shambhala so that you may open your eyes and in this reality of the inner Shambhala, you can discover and understand what the Hierarchy needs. If your hearts are united to this mystery, you will be able to be in Shambhala, because Shambhala is the main source of Love that has emerged on this planet to establish in the world the spirit of confraternity and unity with the universe that today's humanity does not experience because it is separated among brothers and nations. Therefore, everything that you do, do it in the name of the Lord, each action that you perform, each work that you carry out, each word that you proclaim must be in the name of peace and not of disunity.

Times are still difficult and many do not want to believe it. I need the self-summoned to see the convenience in which they are and how great the call from Heaven is, which summons souls to serve, surrender, and renounce everything.

I promised you that I would return, first in My Divinity so that afterwards you could see me resplendent among the clouds as the Sun of the universe, which will establish the new humanity for all worlds. This moment has arrived, companions. I am returning, although you do not see Me. If in previous months, in previous meetings of prayer I led you to know to the Law and adopt it in your lives, I made you go through the Middle East to refuge souls in your hearts, now why do you not follow me to the inner Shambhala where everything started for this planet?

I invite you to the desert so that you can be empty of everything and of any circumstance because I will not be able to place My new Principles in souls full of other things. Therefore I invite you to the inner retreat, to prayer and silence so that the world can be saved. This is the simplest thing that I ask you, companions; I do not need that you surrender to me your families, your work, your material life. I need you to elevate yourselves in consciousness, so as to be able to abandon these things, which should come in second place so that My primordial Work can be accomplished. I am not saying, companions, that your families should be abandoned nor that your jobs should not be attended. I need your consciousnesses to be in the priority that My Father needs in these final times. If I am returning it is to call you, to form you as the army of the 144 thousand that must be ready to answer the planetary need, the call of the Plan, and the Work of God in the whole universe.

Dear companions, we are speaking of great things and not of tiny things. Terror is being spread in the world and pain is becoming more acute, and someone must relieve it so that nothing is lost in this humanity. This is why I come as your Shepherd today, to lead you to discover, in Shambhala, your inner void and everything that has always filled it, time and again, time after time. But do not fear. Who is speaking to you will not abandon you, will not leave you aside, because I will share your purification with you, as I share the purification of this unredeemed humanity, which is far from God and especially far from love, the true love of the universe.

We are doing the impossible for the world not to continue deviating towards the abyss. Therefore, the efforts will be extreme and you will be aware of this. And when the time

comes for each one of you to be able to give your maximum, to totally surrender to My Father, you will not be able to say that you did not know. Just as I once told My apostles that I was waiting for them to follow Me to the Calvary and in the Passion, today I tell you not to step back, for My Glorified Heart will be your sustenance at the most acute moment.

My heart can make you be reborn because My Mercy allows it. And if you are in My Mercy, you will embrace My Grace. My Grace will fulfill you and thus you will be in My Divinity, the Divinity of Christ that humanity has not yet known nor reached at any time. Therefore I demonstrate My Glory to you so that you can know My Grace, and in My Grace, you can be divinized in the name of My Father, in honor to Adonai and His Eternal Kingdom, which always awaits all His creatures to pour out upon them His Love and Peace from time to time, from epoch to epoch.

Do not be frustrated, do not be disturbed. Answer in obedience and you will know the reason why. Embrace My Call and you will feel My Divinity that always awaits you so as to guide and conduct you to the Kingdom of My Father.

Through this call to the inner retreat of Shambhala, I am inviting all souls to mature consciously and to cease doing what is no longer necessary in these times. Because when you are busy with useless things, I only observe you and wait for you to be able to awaken to feel My Voice in your hearts, the Voice that cries out, before the Celestial Father, for this Project of humanity.

May this Marathon be the deepening of the spiritual life of every being and thus the reconfirmation of your vows may be established before this definitive Project that must be fulfilled. May this Marathon not only go through Aurora but also through each one of you so that you can perceive what I am telling you.

I cannot continue giving more responsibilities to those who already respond to Me. Souls have a point of tension to bear My Designs, now the time has come for you to abandon your insignificant things so that everything is balanced and you embrace My Call and fulfill a part of the plan that is still waiting to be concretized. In this way, the 144 thousand will be born and will cease being written in the sacred book of the Bible to become a reality at this time. These 144 thousand consciousnesses are on the entire planet in different regions, nations, cultures, languages, and beliefs within the spiritual Christianity of the planet. Thus, I establish the symbol of My Divinity through My Grace, because if you love the power of My Grace experiencing My Divine Mercy, you will understand the magnitude of this proposal, and thus you will respond in time.

See your inner Shambhala, which calls you to unite to the Masters and thus reconfigure the Plan under the reign of Christ, your Beloved Lord. The doors of the desert of Shambhala are not open for making you suffer, but for you to enter into the path of the void that your hearts need to experience, and being free from all this, to carry out the Works of the Master in the simplicity of spirit and in the humility of soul through service to others.

May your hearts be re-ignited in this proposal, may your voice truly cry out for My Mercy after so many Marathons of prayer. May your souls ask for that which they need, for I will give it to you. Do not be afraid of the void, because the soul attains its freedom in the void. The soul becomes divinized in the presence of My Priestly Spirit.

I wait for you in consciousness and in love towards the Plan,

The Glorified Christ Jesus
