APPARITION OF CHRIST JESUS DURING THE 64th MARATHON OF DIVINE MERCY, IN THE CITY OF FLORIANÓPOLIS, SANTA CATARINA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Today I was called by the sweet voice of your hearts; that is what truly drew Me here to be close to your spirits, to be able to engrave in your consciences My Impulses of Light.

Through this scenario, we can understand and feel how much beauty God manifested for us.

The human being only needs to love in order to open the door to the Will of God, and through the steps taken in life, learn to live it.

I wanted so much to be here in Brazil! I counted each day to be able to be here with you. Because you know that I love you and I understand you and I hope for the best for your lives, what you really came to do here as consciences, what you really came to fulfill and to manifest through the Gifts of God.

That which is so sacred and sublime, which is found in the inner world of each being, is what I have come to rescue from the human consciousness, especially from Brazil.

Because that inner and spiritual force of each human heart is what allows Me to be here, just like the other Spiritual Hierarchies, which come with the Silence of God, in complete neutrality, in order to aid the planet and humanity.

The human being of this time, within the end of these times, must establish in itself what it is, what God deposited in its essences since the beginning. That is what will cause the Earth to be repopulated with new attributes.

Good works, cooperation, the good, and the love of all beings is what will repopulate the Earth with new codes and principles.

Because while the world suffers and a large part of humanity is in agony, you have the Grace, companions, of having Me close as Consciousness and Spirit, as Soul and Divinity, that comes to the world in the name of God to awaken the human consciousness to its true reality, which until now it has never seen.

And through your prayers and your love, I have the permission of your souls and inner worlds to be able to help the planet, and the energy of Divine Mercy is able to reach places very unknown to you, where souls are thirsty for My Light and fervently plead for My Redeeming Love.

I come from the Universe, bringing the Consciousness of the Eternal Father so that humanity may become rescuable and does not miss the opportunity of growing inwardly, knowing that the values of faith and the principles of prayer will be what will transform the Earth and make of souls true Temples of God.

While I am here with you, I not only contemplate Brazil, but also the whole world, and I listen to the pleas of My servers and companions, calling them and elevating them through the Consciousness of God; because when I hear the prayer of My companions, I go to their aid.

When the prayer is fervent, it transforms many situations on the Earth, unimaginable things within and outside of the consciousness of beings, because the power of prayer is still unknown. For this reason, do not stop immersing yourselves in this school, because in this way, you will become rescuable beings and instruments at the service of God, collaborators in the maximum work of My Heart.

Today I have also come here to give you My blessing through the Sacraments. Because each time this spiritual practice is renewed, the greater the opportunities of redemption, of conversion, and awakening of the consciousnesses, and a Grace draws close to your lives to transform everything into something sacred, just as the Father needs it.

Today I want you to live this legacy as if for the first time, knowing that through it, you will be able to be renewed, healed, redeemed of your spiritual and inner ills, and as a result, you will heal humanity through the sacred offertory of your prayers and lives to the Kingdom of God.

Let these spiritual treasures be revived today by everyone.

May lives be restored through the Foot-washing, may history be erased so that the power of the spirit of each being be reborn, and that through the Communion with My Body and with My Blood, the codes of My perfection may enter again into your essences and the temple of your souls, for this will allow you to understand many more things of the Spiritual Universe, of the Sacred Will of God for these defining times. From here is radiated the great Mirror of My Heart for the world.

The oceans do not only cry out for healing, but they also radiate their sacred energies to transform and sublimate the human consciousness.

The Elements unite with this divine conjuncture of the entry of the Spiritual Universe to the Material Universe so that many more souls may be assisted, as well as everything that lives within this planet and that is greatly suffering.

Through the Sacraments, I come to restore your lives and give you the possibility of finding the true love, which will bring Redemption to the world.

So uplift your hearts before My Celestial Church and may your souls, in a deep silence, proclaim the offertory to the Celestial Father, so that more situations may be redeemed and restored, and especially, may Brazil not lose peace. Because the devotion that this people has before the Celestial Universe is what allows peace throughout the times and the generations, and thus, your spirits are also carriers of My Peace.

Today this peace is radiated to the world from the great Mirror of these oceans so that the angelic consciousness may descend, transfigure, and transform what has been corrupted; so that in the transformation of matter and of the spirit, the human consciousness may unify in God and thus, the Divine Grace may descend, which will always bring you gladness and the joy of living in the Celestial Father.

So let us begin, companions, with this consecration so that your lives may also be consecrated to My Sacred Heart, so that an extremely powerful Mercy, like an infinite tributary of Grace, of Compassion, and of Pity, may descend in this moment over Brazil and the world, so that peace, prosperity, and justice for this people may continue to be strengthened.

I have not lost hope of Brazil being the Eden of the New Humanity and that you will be part of this new Eden, which is not something physical, but profoundly inner and immaterial that can be reflected in a spiritual way upon everything created within the material Universe.

Brazil is the cradle of this future emergence. You are a transition so that this can take place.

God wants to establish Genesis here again, as it was in the beginning, so that everything that has been lived throughout the times and the eras may be erased, and the human being, in a profound rehabilitation, may again take the place that it lost after so many errors and deviations.

That is the work of the infinite Mercy of God and it is possible for these times. But first, companions, this will begin within you, in coexistence with your families and loved ones, in the days of work and labor and in the important moments of prayer.

Draw to the world the Attributes of the Universe, because humanity is sinking in a great abyss, and during the most difficult moment is when I will return. You should no longer hear My words, but rather feel and see My Presence; it will come from the Glory of the Celestial Father, from the Universe announcing the new time, the resurgence and the advent of hope.

May your faith be sustained by My Love and may your love be sustained by My Spirit, so that you may always be connected with Me in that perfect inner attunement with the Greater Universe.

Let us begin the ceremony.

We stand up.

Father of infinite life, Divine Breath of Spirit, Creator of all that exists in what is visible and invisible, through My Plea, the Plea of Your Divine Son, pour out all Your possible Graces, so that souls may be restored by the balm of Your Love and for Brazil to be constituted as the Promised Land. So be it.

With this water, Lord, bless all those who plead for You, through Your Grace and Your Mercy; that those who cry be consoled, those who suffer be relieved, the ill be healed, and the pain be erased, and may Your Divine Love and infinite Joy return to those who believe in You, so that Your Peace may be established for ever and ever. Amen.

Lord, You who are Life and Mercy, Who vivifies everything You touch and in Your Love re-ignites all who plead to You and also hear You; deposit Your Gifts in these elements so that souls be washed by Your Spirit and souls be healed by the sublime joy of Your infinite Love. So be it.

Wash the feet of the past, activate Your disciples, Lord, so that they may walk in faith and in love, they fulfill, Father, Your Divine Project in the four corners of the Earth. Amen.

And more than two thousand years ago, I left you an indelible spiritual legacy that reverberates throughout time and the generations. It is the great mystery of My Love for humanity through the Sacrament of the Eucharist.

I remind you that at that time I took the bread, gave thanks to God for this Sacrifice, and told My apostles: "Take and all eat of it, for this is My Body that will be given for humankind for the forgiveness of sins. Do this in Remembrance of Me until the end of times."

And upon this bread I leave not only the transubstantiation of My Eucharistic Body, faithfully adored by all the adorers on the Earth, but also I leave My cellular Christic Code, that which achieved perfection in the Passion and the Death.

In the same way, I took the Chalice that the holy women had specially prepared for Me, and God blessed It. I gave thanks for that Sacrifice and said to My apostles: "Take and all drink from It, for this is My Blood of the new covenant between beings and God; Blood that will be preciousy spilled by humankind, for the forgiveness of all errors. Do this also in Remembrance of Me until I return in the end of times to give you My living Word."

I transubstantiate this element into My precious Blood in the presence of the Celestial Choirs and in offering to the Celestial Father for the sincerity of all the souls present and united with Me in this moment, for the Redemption of humanity, the conversion of hearts, and the renewal of life. So be it.

In gladness and joy, companions, avail yourselves of these sacred elements that manifest the Sacrifice of the Son of God for humanity and the inextinguishable opportunity for each one of you to learn to love more each day, just as I love you for all eternity.

Sacred Unity of God,
unify our lives,
unify our being,
unify us in profound fraternity.

Amen. (x3)

May the Unity, Love, and Peace that come from the eternal Heart of the Celestial Father be in your hearts, in all of Brazil, and humanity, so that the new Christs may emerge that will repopulate the Earth with the infinite Codes of My Love.

As I said to My apostles, today I say to you: "I give you My Peace so that you may live My Peace and take peace to all the corners of the Earth."

In remembrance of My spiritual Legacy, for the Sacrifice, Passion, and Death of Our Lord, I fraternally ask you to give each other the greeting of peace so that Peace may be in Brazil.

I thank you for having been with Me today.

In the name of the Father, the Son, and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón de Jesús:

We give each other the greeting of peace.
