APPARITION OF CHRIST JESUS DURING THE SACRED CALL, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

In My Heart, feel the Presence of God.

In your hearts, feel My drawing closer in this culminating moment of the planet.

I have come as the Messenger of Heaven, also as the Lord of the East, to announce to you My Presence in this place and at this end time, in which many things happen without the majority of humanity perceiving what is truly happening.

That is why I come from this place with a new aspect. Today, I name Myself before you as the Lord of the East, so that knowledge and wisdom may unite between both hemispheres of the planet.

I come in this way to initiate a new cycle, bringing the synthesis of the Sacred Knowledge of everything the planet has experienced in its wisdom and also in the Fount of instruction.

In this way, companions, as the Lord of the East, I come to provide souls with the knowledge of yesteryear, that which the great sages of ancient Asia knew.

I come to fulfill a request of My Father and I come to give continuity, companions, to what your Lord was not able to finish when instructed in His youth, in ancient Asia, where there truly existed the greatest treasures of Heaven, through knowledge and instruction.

I come here to establish a bridge of Light, so that many souls, unconscious of true sacred knowledge, can awaken.

The time has come for the West to recover the values it lost through its different races and civilizations of the past. It is for this reason that your Lord of the East brings in His manifestation of Light the synthesis of all the cultures of the ancient Asian peoples, which in the beginning brought about a balanced and harmonious planet that generated a fountain of wisdom and of instruction.

I had to go through there when I was Jesus, besides going to Persia.

In Asia, I re-lived many things that My Father asked Me to find again, a time before My public life, a time before the baptism in the River Jordan.

In this way, you will understand, My companions, how the values of spirituality still exist on the planet. Thus, sacred precincts of the Father, scattered through the Himalayas, such as in Tibet and farther, in Asia, hold these principles gestated by humanity from the beginnings of the Earth.

God wanted this planet to be a fount of wisdom; that many more creatures became enlightened as He was enlightened. That is why Buddha came to the world, to demonstrate to all in the distant East the divine Source of compassion, which was the first base of the Christic instruction for humanity.

This Source of compassion generated by Buddha to dissolve suffering, pain, and corporeal death, created the bases for the coming of the Messiah.

See then, companions from the whole world, how spirituality is one in all of the Universe and beyond it, based on the Source of Love, of Wisdom, and of Truth; because it is what My Father always wanted from the beginning, when He created Adam and Eve.

That is why today I present My aspect of the Lord of the East, as the first initiation for this great mission that must take place there next year.

As of now, I invite you to accompany Me in this sacred task, because many values of human spirituality are being lost also in Asia because of the suffering, the errors, the wars, and the difficulties that the nations of Asia experience.

In the same way that My Father, through Buddha, brought the Asian peoples closer to the Source of Divine Compassion, today I deign to draw My children of Asia closer in this cycle to the Source of My Divine Mercy.

In this way, companions, such far away brothers and sisters of the planet will be able to be deserving, as you are, of the treasures that I bring you today, which are the most intimate of My Heart, that I have waited two thousand years to pour out upon Asia, and be able to find again in this people the same value that I once found, when your Master and Lord visited this region of the planet.

Thus I come to reveal and to confirm what was written in some sacred books, in which the story is told of the passage of your Master and Lord through the East. If your Master and Lord had not traveled there, He would not have been able to understand, in His phase of sacrifice, all that this people of Asia would need for the future, after My Ascension.

Thus I come to fulfill the Designs of My Father and to elevate your consciousnesses beyond three-dimensional life. And although I present Myself to you in three dimensions, My true intention and purpose is that you also achieve the illumination of your beings through prayer, service, humility, love, compassion, and unity.

In this way, I come to show you that you are capable of transforming much more and of becoming true servers of the Plan, to be able to accompany this Work, which will culminate in being known all over the planet, by all of humanity.

I will give you the gift of the heart impregnated with the gift of love, which will allow you, companions, to understand all tongues, all cultures, and all nations, according to their nature and origin.

So I come to extend what I gave to the twelve apostles when they began to follow Me in this Work of preaching the Sacred Word of God and of proclaiming His Divine Kingdom.

Your Lord of the East desires you to already keep Him present in your hearts, because this sacred aspect will allow you to understand and above all adhere to the next designs that the Spiritual Hierarchy will present to you, in this new cycle.

This is all that I wanted to reveal to you today. I still have more to say, but souls need some time to be able to truly correspond to all that is being spiritually built on the planet, beginning with the Spiritual Church of your Lord, which comes to aid souls and the regions of the planet where Mercy and Redemption are needed.

Today your Lord of the East will celebrate a world Communion integrated by all cultures, tongues, and nations that within themselves believe in the existence of love, present in all that is divine.

Bring a washbowl here.

While My children bring the elements, try to feel and understand your Lord of the East in His aspect of wisdom.

In this offering, also see how what was sacred emerged in the beginning through the Asian continent, and how the sacred mysteries of the spirituality of the planet and of the essence of Christic Love were also present in these cultures, in the faithful example of the Three Wise Men.

The water of Asia must be re-consecrated through your oceans and seas, so that its true essence and nature is not lost.

So be it.

So we now prepare for the consecration. Those who can may kneel. Let us elevate the basket for the offering.

Lord, convert these elements into the Body and the Blood of Your Most Beloved Son, with the aim that today the East can again experience its most sacred awakening and this be radiated to all of the planet, in union to Your Creation, to the continents, to the oceans, and to the Kingdoms of Nature.

So be it.

Your Lord of the East today blesses these elements, and also your hearts, so that they may be rehabilitated and achieve redemption, in the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón:

Let us invite all of our brothers and sisters to join us in these moments, offering your prayers and hearts as an act of reparation to the Sacred Heart of Jesus.

Today, from here, we say goodbye, and inwardly united as one heart, let us celebrate this union with Christ, and give thanks to God.

Thank you, Lord, for all that you give us. In this meeting, we honor You, Lord. Amen.
