DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Feel My Heart that perceives the world and all its children dispersed in illusion and in personal realizations, without the majority really searching for God.

Feel My Heart crying out for a little more consciousness and responsibility from the souls that compromise their lives with each step they take.

Feel My Heart begging for My children of the world to awaken from the deep and inert dream in which My adversary has placed them.

Feel My Heart interceding for the nations of the world and for the mistakes of their rulers who lead the peoples to spiritually compromise themselves.

Feel My Heart praying for the end of wars, violence among human beings, inner desperation and lack of love.

Feel My Heart begging to the Eternal father for those who serve Me and follow the Church of Christ to be transparent and disciplined in the protection of the communion of souls with My Beloved Son.

Feel My Heart sustaining these times and this humanity that will have to repent with the heart in order to be able to be saved.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
