DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED during the journey from Belo Horizonte, Minas Gerais, Brazil, to Lisbon, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

During the night, while My Divine and unfathomable Mercy is cried out for and invoked, your Master and Lord of the Universe can perform wonders and miracles, and lead souls along the path of Light, withdrawing them from the path of darkness.

Thus, the triumph of My Heart is in the devotion and adoration of awakened hearts so that those who are asleep may also awaken.

I encourage you, in this time, to be proclaimers of My Mercy so that the world can be assisted through the prayer of those who cry out and invoke My Holy Name.

Every day, I give you the Grace to deeply know My Spring and to move forward with Me along the path of love and redemption.

I encourage you to be brave through Divine Mercy so that the time of Grace that is still left may be propagated within the greatest number of souls of this humanity.

I thank you for accompanying Me!

I bless you and protect you always,

Your Master, Christ Jesus
