DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED AT THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Child,

If you feel lost from yourself, do not go searching for yourself. Do not want to find that which God took away from you. Seek in God the truth, that which is new, the rebirth of your human matter on all levels.

The impulses of a new time are coming into your life, you already know that those impulses lead you to an absolute definition and not a partial one.

In this time, in this cycle, it is the moment to take more concrete steps that consolidate transformation in the consciousness.

But not only through My words must this information reach you. The certainty that you must be different, now and not later, should spring from within you. The necessity to transform your consciousness must come from yourself.

In the depths of each human being, they already know what steps are to be taken because the truth is hidden in the inner world of each one of you. What happens is that the layers that cover the inner world fall off as the consciousness receives real impulses of transformation and the Universe knows that, when finding the truth, the consciousness will experience it.

The truth gradually reveals itself to the inner eyes of each being; as the being matures and grows enough to experience it, it starts being revealed.

It is each one's growth that dictates the level of awakening and of transformation. These proportions are part of the Universal Laws that govern life beyond this world, that govern evolution and essences, that transcend human comprehension or adherence.

Child, do not wait for your being to have enough inner strength for you to take the steps that you must take, because it is when you walk that Grace makes the strength that you need descend upon you, according to the path that you will tread.

Child, the fact that this path is visible on the horizon must symbolize to you that the time has come to walk upon it and that you have the necessary potential to move forward.

Everything is Law of Correspondence: walk and the paths will soon be opened to you. Seek and you will find. Accept the truth and you will know it. Throw yourself into the unknown of the Plans of God and when everything is fulfilled, you will understand them.

Your father and friend,

The Most Chaste Saint Joseph
