WEEKLY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MG, BRAZIL, TO THE VISIONARY FRIAR ELÍAS

My Merciful Heart is present even in the smallest oversights because My Silent Heart accompanies the steps of the persevering ones and of those who are adepts to My Christic Energy.

I wish that on this day My Heart be filled with bliss as the Sacred Project of communication of the Divine Message through a television network, organized and thought according to the plans of the Father, the Mercy Mary project, is already giving fruits so that the souls may be able to be nourished with the Divine Message in a correct and loving way.

Dear companions, as it has been already two years since the birth of the Portal of the Voice and Echo of the Most Holy Mary, today is reborn and reemerges the portal of the Voice and Echo of the Divine Messengers that will accompany and will support the new television projects that will be born with the help of all.

For this, for this important day of celebration and Glory, My Meek Heart lovingly summons all of the servers of the Plan, those who may know how to perform a television project that will help spiritually in the plan of planetary rescue.

It has already been said in the teachings of the past that the Spiritual Hierarchy would communicate itself with the greatest possible number of consciousnesses in order for them to be able wake up and to support the Savior Plan. Now that the Plan of collaboration and of help is urgent for all, and that the initial project of Mercy Mary TV has already experienced some strong and enriching experiences of faith and of formation, the Christic Hierarchy summons again to serve all of those who have not yet made their decision so that they may be carriers of collaboration and of service to the Hierarchy.

It is time for this project of communication that, through the Divine Hierarchies, intends to redeem humanity, may be able to grow and to receive the help that it needs. This sacred media, which at the beginning was not understood by many, has always intended and intends to bring peace, love and light into the homes of all the collaborators and of the non-collaborators.

Christ Jesus thanks all the group of work and all of those who in faith have helped to materialize this project and the Marian pilgrimages throughout the world because many treacherous doors have been closed, entire hells have been closed in big cities, the cosmic forgiveness has been achieved by many and Mercy has allowed the reconciliation of all of the beings with God.

In Peace we always are. For the Plan of Love we work. In Christ Jesus we walk.

Thanks to all of My sheep!

Under the Light of the Father, be blessed.

Thank you for working with Me!

Christ Jesus
