MONTHLY MESSAGE OF THE MOST CHASTE SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Do not expect miracles to come from great actions, because it is in the simplicity of the heart that lies the true key to all healing and liberation from all evil rooted in your beings.

Do not expect great material conquests to be achieved in this world, because the true conquest is the victory of God over the hearts that surrender on His Altar.

Frequently souls do not achieve peace in this life, but by their cry, they will achieve it in My Kingdom; and those who illuminate their gaze with the power of faith can see that peace exists and it is the true merit that beings generate to be redeemed.

Peacemakers will achieve glory, for they will overcome themselves and the world.

My dear ones, on this day, I want to tell you that the fruits of your prayers are true, but in order to feel them you must enter that space of consciousness that does not seek the fruits of your actions, because it is by seeking nothing that you may find the All and the Whole that lies in the Heart of God.

Those who trust in the existence of God know that everything they live is a consequence of His Will, and that each event brings a perfect learning for the evolving soul.

The time has come for you to be a living temple, a perfect manifestation of the Will of God for this humanity; but for this you must transcend all the laws of matter and open yourselves up to the laws that are experienced in the universe.

You must recognize that you know little about the reality of the Celestial Kingdom, because in this way, the true mysteries will be revealed to you. God keeps a precious treasure to be given to His creatures, but how can He show them this treasure if many do not truly believe it exists?

Love that which you do not know and know that which is before you. Look at your neighbor with the eyes of someone who sees a perfect creation of God, for which the Creator has a plan and without which His Will cannot be fully fulfilled.

I want to come to the world as a doorkeeper of hearts and eyes of the soul, thus opening the way for the new. You must rediscover what your eyes can see, because you do not really know that which is in front of you when you observe a being, or even this planet.

While you rediscover the world, you will discover the higher worlds that are shown to those who are willing to see the truth and experience it.

Leave the worries of this life behind, not neglecting your obligations, but knowing that the real priority lies in the invisible to your eyes.

No longer seek to fulfill a personal plan, when the Plan of God for this world is knocking at your door. It is time to transform the way of thinking, of feeling and of seeking the life of the spirit.

May the Plan of God for this Planet surpass all personal aspirations, because now, My companions, the new time is approaching the world and needs to find it prepared to experience this transition between the old time and the real time, which will unite you to the Consciousness of God, which is found in the infinite time, called Eternity.

I thank you for being missionaries of God every day and every hour of your life. Service will always be in the need that lives next door.

I bless you today and always,

The Most Chaste Saint Joseph
