APPARITION OF CHRIST JESUS DURING THE 34th MARATHON OF THE DIVINE MERCY, IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I Am this Heart that lives for you and in you, when you allow Me to.

I Am this Heart that never fails and that renews all things, time after time, just as My God needs it, for this world and the Universe.

I am this unfathomable Heart that pours Graces on those who need them most and especially on those who have lost themselves on My Path of Redemption.

I Am this loving Heart that assembles you and unites you with the Father, through this meeting and in each daily prayer that is pronounced by your hearts.

Thus, I form the apostles in the deep silence of My Spirit and deliver My designs for each one, so that they can fulfill them as they are planned in the Universe.

Today, I come from a very distant place in this Universe, what you know as the Center of the Universe, which governs this galaxy on a spiritual and immaterial level.

I come to pronounce to the world My Government, which is the Government of God, which governs the worlds, the stars and the celestial spheres, on all planes.

I come with those who today live with me the power of God, the enlightened and resplendent beings who vivify God eternally and in praise.

With this principle, I congregate you all in My Most Sacred Heart and re-ignite in your lives the purpose you came to fulfill in this life and on this planet, something that is indelible in the Consciousness of God; because He thought from the first moment on each one of you, so that you would join Him, through the times and the experiences.

Evil does not know this, because it does not know love and is afraid of love. When love is present among you and among the consciousnesses, everything is invincible because God is there.

Just as I am here with you, in omnipresence and in spirit, so is My Father with you, through My Heart of Light. It is something that you can never forget, in spite of what may happen in your lives and in humanity.

When the great structures of humanity begin to move, no one can suffocate or be disturbed. It will be the moment when your strengths are very firm, so that I can continue pouring out My Graces on those who deserve it in fullness and in truth.

Thus, I Am this trusting Heart that gives Itself to you all the time, that does not look at your sins nor your debts, but rather your filiation with God, something essential that you can never lose, for anything.

When souls open the doors to evil, they commit to involution, and the lives of these souls gradually recede. Just like a bird flies in the heights of the mountains, the soul gradually falls into the abysses.

And so, together with My Mother and Saint Joseph, I come to aid those who must respond to the call and are lost. But you cannot be that for a long time, companions, because many armies will wake up in times of emergency they are already living. Open your eyes and see what happens in the world, day after day.

We feel that, for humanity, chaos is not enough, and it holds on to suffering through its decisions that influence the nations and the people and attract the furious action of the Law of Nature upon humanity.

While the world continues to sacrifice animals, the world will suffer. And those who plead from the heart for My Divine Mercy, as you did today, will avoid many things. But I will not be able to avoid, companions, what humanity must learn.

Make the decision to be My pillars of light on this planet, so that I may deposit My Codes and gather together the self-summoned in the Cenacle of My Heart.

It will be in this way, companions that I will gradually lead you into living Universal Judgement; I will show you how it is happening in this humanity, rapidly.

Inside and outside of beings the Universal Judgment is lived.

But you must not fear the Justice of God, because God is the living and eternal Love. It is the world and the actions of humanity that bring the Justice of God. God will never punish you. He will correct you so that you may be able to truly walk in the light.

Who decides in this last time to live in My Sacred Heart will not perish. But to live in My Heart requires a commitment and a faithfulness to God. An act of consecration that you can live with Me, in different ways. But this consecration cannot be fractured, it cannot be broken for anything. It will be this consecration that will protect you, and you will be united with Me when I am no longer here with you, companions.

Day after day, the world makes decisions that are contrary to the Laws of God and this attracts the unpayable debt that humanity generates. I need you to place your consciousness on the consciousness of the planet, which is the house that God chose for you since the beginning of the Earth, since the origin of the Genesis project.

Humanity has always deviated from the Path of God throughout time. For this reason, the divine intercession of My Mother has been incalculable. Her goodness and love for Her children has made Her persist, in spite of the suffering generated in the Sacred Hearts and the caring Heart of God.

The world does not pay attention to the wounds it causes the Universe, and above all, the Material Universe; to the planet, to the continents, and to the seas; to animal, plant, and mineral life. How could you be present, companions, on this planet if the Younger Kingdoms did not exist, giving you balance and life in order to evolve?

If in other worlds of this Universe life exists, how could the Kingdoms not be here? They are essential for you, so that you may learn to feel God, and to vivify Him through the Creation

expressed on this planet.

The transgressions are still very serious, and the equilibrium of this humanity is out of balance.

While I can, companions, I will come to call those who do not hear Me yet and you will have this commitment to Me, of having Me be known to the lost souls in the abysses of the surface of the Earth.

My Mother will protect you in this task.

I do not need you to attract multitudes, but rather true hearts that will want to live Me.

And today I again present My Sacred Heart, so you may see how much love it holds for each one of you and for those who do not hear Me.

My Chest explodes because of not being able to pour out so much love; the love that heals, that cures and vivifies the hearts in God.

At least, companions, daily contemplate a Ray of My Heart, and in this way, you will please Me for those who deny Me.

Denial is not only in the souls that are in this world, but sometimes also in those that are consecrated and who do not believe in what I tell you; but what I am writing here will be fulfilled.

In this lost place in the world, of Uruguay, the sign of My Presence will remain, obvious to all.

When the years go by, you will remember and know everything that I did here, with you. Because in the years that will come and will get here, things will be more difficult in the world, and you must remember My Words like treasures of light, like keys that open the doors to the Heavens, so that you may aid the souls that will fall even further into sin and into temptation.

Today I come to implore the world to have pity and to not forget God, because He is very offended and His tears are already great rivers in the Universe.

Emmanuel implores His children to awaken, become aware and prompt. His Project is in play through the decisions of humankind, of the nations and the continents.

The people of God cannot be lost in the desert, as happened in the past; they must find the promised Land that lives in My Sacred Heart.

Remember, companions, that I Am the Truth and the Truth I bring you so that you may not be deceived in this time.

Remember that I Am the way that never closes and that opens the doors so that all may enter, even when you forget Me many times, without realizing it, and move away from Me.

Remember, companions, that I Am the Life, the Energy and the Principle that motivates you to a renewal and union with the whole Universe, that receives you in its Mercy.

If you, for a moment, from the Universe, could see this planet, you would cry; not because of what you see, but because of the ignorance of the world and because of the blindness of many hearts that

do not accept living the Love of God, that do not seek It, and that reject It.

Today, companions, I do not come to evangelize, but rather to transmit the feeling of God, from the depths of His Heart, from the Consciousness of Emmanuel, the Father that listens to you and loves you.

If those whom I have summoned to serve Me in this time do not unite, how will My Project be accomplished? Set aside your ideas and feelings, your divisions and misunderstandings, one with another.

Love, just as I love you all the time.

Do not reject what I tell you and live it with determination and courage, so I can send the angels to help you, in the invisible silence of your holy presence.

I come to place in each one an incalculable treasure, of which you must give an account in the end time, companions. Because for Me to be here, among you, and to have called you, many things had to happen in the Universe.

Give to the Plan what the Plan needs, and cease to hold back things.

Everything that you have is of God and of the Universe.

To the Universe you will return naked, without any possession, nor any property.

In the end, who is awake will understand what I say and what I have repeated for 2000 years.

The last offer I have for the world is My Sacred Heart, but not all have yet entered It, in trust and without fear.

I will not ask you for impossible things; I know your weaknesses and your falls, because I have been at your side, walking on the edge of the abysses so that you not fall.

You do not know evil. You do not play with evil nor become involved with it.

Your union is in the Love of God and in the brotherhood that the Universe offers every day, so that the suns may shine in this last cycle.

And through My Words, I place you on My Chest so that you may feel the constant beating of My Heart, that beats for each one of you.

It was this Heart that suffered for you in the Passion and on the Cross.

It was this human heart of Jesus that came to know the human condition and the ignorance of the world, the denial, the rejection, and the omission of hearts.

But the Love of God was so great in Me, companions, that I was able to overcome everything, because I trusted in the Love of My Father and I did not hold on to the tests He set for Me.

A true Christ of the new time surrenders to the Universe in trust and believes, living their faith.

Be Christs of My Heart and do not fear being so.

The persecution has not ended and the world must be purified; but in the end of times, when you are with Me, you will know Me face to face, just as you knew Me once in the Holy Land, which is what brought you here to serve Me.

Be fishers of My Project and cast the nets in prayer, so that souls may be saved and be removed from the abysses of their consciousness and enter into the great ship of My Heart, to live peace.

Through Me and My Heart, My Father speaks to you and on this sacred ground places His trust in those who were self-summoned to fulfill His Will.

If I come from Heaven, it is also Heaven that embraces you and uplifts you, in consciousness and love, to the Heart of the Father.

The seals of the Apocalypse have opened and we pray so that in the world everything be lighter and souls may find God and My Sacred Heart.

Most Holy Heart of Christ,

convert our hearts into sacred flames

of Your Divine Mercy

so that Your Face may be founded in the great human heart.

May the coming descent of Your celestial Glory

redeem all consciousnesses,

in honor and glory to the Celestial Father.

Amen (x3)

So that the fourteen celestial choirs that I have assembled here may pour out their graces, I ask you to listen to the bell tower fourteen times, in union and praise for each one of the fourteen choirs; in representation of the Archangel Michael, the Archangel Gabriel, and the Archangel Raphael. We listen from the Universe.

At this moment, make your offering to God, the Most High, in the silence of your hearts and in union with the fourteen choirs.

My God, I believe in You...

My wish is that this prayer of the Angel of Peace be repeated at the end of the Mystery for the Nations, seven times, so that the Angel of Peace is also able to intercede for the angels of each nation and of each people.

Remember to respond to the call of Mary, because your Mother also needs you to carry out the great Work of God, in these times.

The fourteen celestial choirs that I have brought here today, to Aurora, for each one of the hearts that participates in this meeting, are the choirs that eternally sing to God, since before you existed as essences.

Think then, companions, for an instant, how the singing, the voice, and the sacred word is perpetual in these angelic consciousnesses, over eons of time.

They are who build the Universes with the voice and who form the melodies and harmonies for all the galaxies.

They are who attract the currents of God to the Universes and feed the spirit of the consciousness through the Love of the Father, of Emmanuel.

In union with them, companions, and with the Sacred Heart of your King, let us sing the Kodoish melody to bring the Grace of God to this planet, in those who open to receive it, in this last hour.

Kodoish...

And now, companions, I give you the balm of My Love and of My Compassion for the world, for all the souls consistent with My Merciful Heart and with My Redeeming Work.

In union with the fourteen celestial choirs and with My Divine Spirit of Love and of Truth, let us pray:

Abbun debashmaia...

(Our Father in Aramaic)

And today I will be able to leave here with the joy that you truly prayed to My Merciful Heart, imploring for this people and for all of this region of South America, so that the Sacred Hearts of Mary, of Saint Joseph, and of Jesus may triumph and be victorious.

In the name of the Father, the Son, and the Holy Spirit. Amen.

And now sing to the Archangel Raphael, who is the aurora that rises in the hearts that awaken.

Go in peace.
