APPARITION OF THE GLORIFIED CHRIST JESUS IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN, DURING THE 13TH MARATHON OF DIVINE MERCY

Friar Elías del Sagrado Corazón:

In this moment, let us glorify the Three Sacred Hearts, of Jesus, Mary, and Saint Joseph.

At the request of Our Lord, we will hold a minute of silence for peace on the planet.

Let us prostrate before the Most Sacred Heart of Jesus.

Let the bell in the tower continue to ring, please.

Heaven descends to Earth and communes with good souls. Vivify this!

Let us breathe in the air of Heaven.

Pray with Me, My companions, as you have done up until today. Heaven has heard you with attention and love.

The great hour draws closer for all souls. The doors of Heaven open to Earth and hearts commune with the Spirit of God.

Blessed are those who prevail and follow the paths of the Lord, for they will be removed from the desert in which they live and evil will be uprooted from suffering hearts.

Love and Truth will reign in all those who have sought My Path, who will thus achieve the purity they so seek.

The seed of the humility of God will sprout in hearts that will be reborn in Christ and will live in unity with the Celestial Father, and it will not be necessary for anybody to suffer anymore, because the great absolution of Infinity will come in aid of hearts that cry out.

It is time to banish what is old and allow the spirit of each one of you to be able to re-emerge in the Universe of the Lord. In this way, everything will be accomplished and no one will remain outside of the path that I am pointing out for this time, the path to Spirit.

Friar Elías del Sagrado Corazón:

Let us repeat the prayers that the Lord is transmitting.

For the liberation of souls,

Lord Jesus, have pity on us.

For the liberation of the Mineral Kingdom,

Lord Jesus, have pity on us.

For the liberation of the Plant Kingdom,
Lord Jesus, have pity on us.

For the liberation of the Animal Kingdom,
Lord Jesus, have pity on us.

For the liberation of the Human Kingdom,
Lord Jesus, have pity on us.

For the liberation of hearts that suffer,
Lord Jesus, grant us deep healing.

For all those that have fallen in spirit,
in matter, into temptation and into deceit,
Lord Jesus, save them all.

For those who suffer and have lost hope,
Lord Jesus, have compassion on all of us.

For those who burn in the fire of hell
and who in life burn because of the deceptions of the enemy,
Lord Jesus, have Mercy on all of us.

For the New Humanity that must resplendently re-emerge,
healed and freed of all things, renewed by the Return of Christ,
Lord Jesus, hear our supplications.

For those Divine Beings, those called the Celestial Messengers,
we cry out to the Celestial Father so that those Sacred Hearts
return to the world to free it from evil,
untie the binds, heal hearts,
transmute wounds and open the doors to redemption.

O Lord Jesus,
O Holy Virgin of Virgins,
O Most Chaste Heart of Saint Joseph,
in Your sacred triangulation,
may the Most Holy trinity guide humanity,
and may all souls that live on Earth
be able to achieve the dwelling place of Heaven.

In this time that will come and for all eternity,
let souls celebrate, in Christ, the glorious Return of the Redeemer
together with the angels, archangels, and all the consciousnesses of the universe.

Let this world be a confederated one
and fulfill the Project of the Lord
in the time that will come.

Amen.

Today this is My Message for you through this prayer. It is a proclamation of all the hearts of the world, of all the servers of Christ who have aspired to reach My Heart and to live in My eternal Peace.

If you decree this prayer with conviction, everything will be able to be accomplished.

If just one soul should do it with devotion, they will open a small door in the universe, providing an opportunity for the rescue and the salvation of souls. Imagine if all souls, the voice of all hearts, should speak this prayer to Heaven, what could happen, My companions?

On this afternoon, I give you My universal Legacy, a Legacy of simplicity and of humility that was professed since My Birth in this world.

I bring you closer to finding the Mysteries of God, which are kept within you, in the inner universe of each being. In this way, all can commune with the Spirit of God and achieve redemption in these times.

The Three Sacred Hearts present themselves before you today to be glorified and praised, to uplift your spirits to the Celestial Kingdom.

For this reason, dear companions, may all hearts be redeemed in this Trine Communion. Let your lives be the sap of life, the food for those that are hungry, spirit for the spirits that are fallen.

I invite you to carry God in your heart and to be able to transmit this impulse to all those you meet, because this Grace that today I am pouring out upon you is unique in a difficult time, for a humanity that is spiritually ill.

I Am your food and your healing. Continue onward. Free your ties through the infinite power of prayer.

Today I come with My Most Holy Mother and with Saint Joseph. She comes announcing Her great moment. Saint Joseph guides souls that must serve, and Our Three Sacred Hearts give of themselves to all to announce the Good News to all hearts.

Stop suffering. Accept the healing that Heaven wants to give you, because from that point, your lives will quickly transform. Many will no longer recognize your faces because they will reflect the clouds of the sky, the rays of the universal sun, which will radiate to the darkness and dispel tribulation. But you must have a trusting heart, a sure faith, and an unbreakable fortitude. If you live these three very simple principles, you will be able to be My apostles of love and redemption.

Today all are united in this meeting and have prayed to build this bridge toward the universe. Do you know what repercussions this has had in the current world, mainly in the Kingdoms of Nature? How many debts are balanced at this moment? How many souls and hearts are assisted at this moment?

I know that many would like to see these things, the real material results. But My Father sends Me to bring you the Spirit, that which will always strengthen and will never perish, although it lives in

this world.

I bring you all toward My Heart so that you experience the perfect Communion with the universe.

And so that this afternoon may be the closing of a cycle, and a new cycle begin for all as from tomorrow, let us praise the Lord of the Heights.

Let us send our supplications to the Sacred Hearts so that the holy angels may descend at this moment, not only to help this country, but all of humanity, mainly the hearts that cry out for supreme healing and for redemption.

Let us open the door to Heaven. Enter further into this Heaven. This Heaven is ready to serve you and comes to commune with all hearts through the Presence of the Messengers of God.

We will receive your offering at this moment. Now, this is unique for all.

Let us open the doors to the essence of the Love of God, where after all of this, they must return to merge with the Celestial Father.

Song: Elohim.

The Sacred Heart of Jesus is pleased with souls that sing with devotion.

To finish carrying out this sacred glorification of the Holy Hearts of Jesus, of Mary, and of Saint Joseph, we will glorify the Immaculate Heart of Mary and then the Sacred Heart of Saint Joseph; thus, your offerings as humanity may be poured out, in Mercy, upon the Kingdoms of Nature and the Law cease to weigh so much on humanity and be transformed by the power of My merciful Heart.

We are present, accompanying you in this blessing. Continue united with the Spirit that is flowing at this hour of Mercy.

We give thanks also to all those who have sung to God from their homes. Imagine how many doors open in the homes of all beings when they truly seek supreme unity among creatures. Today, as Sacred Hearts, we are establishing an example of celestial fraternity that is lived in Heaven and in the universe, on all the divine planes and dimensions, from beings that serve God up to the angels.

I am observing to see if you are attentive. Heaven gathers you together here in a special way.

Friar Elías del Sagrado Corazón:

Jesus is telling us at this moment that today to this meeting He has brought the Aspect of the Assumption of the Virgin Mary, surrounded by angels that lift Her up to the universe.

Let us glorify Mary and Her Immaculate Heart, Her maternal Heart.

Song: Ave María.

Dear friends of Mine, trust in the Immaculate Heart of Mary. It will always want to carry you toward the blessed fruit of Her Love.

To finish this union between Heaven and Earth, this communion between souls and God, redeemed and renewed souls, freed and forgiven by the powerful fire of Christ, let us glorify the Most Chaste Saint Joseph, Father of all serving souls, Guardian of the hearts that endure and suffer, of the poor dying ones, those who are sick and alone.

Saint Joseph, through this song in which we invoke Your Heart, may all of Africa be able to be consecrated to the infinite healing of the Creator. So be it.

Song: Saint Joseph, Father of Love.

Friar Elías del Sagrado Corazón:

Let us do the prayer that He is inspiring in us at this moment, which is the prayer for the salvation of the souls of Africa; we will repeat, phrase by phrase.

Sacred Heart of Saint Joseph,
universal Servant and Watchman,
we cry out to You in this hour
for the salvation of all souls
that live in beloved Africa.

That together with Christ, Our Lord,
we may serve the Celestial Father
for the healing of humanity
and its redemption.

Amen.

We thank you for coming to Our meeting.

We bless you in the name of all of humanity: in the name of the Father, the Son and the Holy Spirit.
Amen.

Thank you, Sacred Hearts, for all that you give us!

Friar Elías del Sagrado Corazón:

We are returning after a very intense moment with the Three Sacred Hearts. We did not expect the Three to appear at the same time. The Three Sacred Hearts brought the Celestial Universe here, and each of Them, in Their auras, manifested an infinite reality. Each of Them welcomed us at different moments. They observed our inner and spiritual needs, not only ours, but those of all humanity.

It is the first time we understand, with our consciousnesses, that Christ speaks of the Kingdoms of Nature.

When He referred to them at that moment, and mainly with the invocation of the prayer He taught us, He brought the consciousness of each one of the Kingdoms of Nature here, mainly the situations they are experiencing through the actions of humanity.

And when He brought, for example, the image or the presence of the Plant Kingdom or of the Animal Kingdom, He showed very horrific things that were being generated through situations brought about by humanity. He said that a part of our consciousness is not aware of what this situation means and of the spiritual dangers that we are bringing about because of that situation. Because, through that lack of awareness, Christ said that humanity is bringing about a very strong law being able to take place.

At one moment in the Apparition, at the Feet of Christ appeared each one of the represented Kingdoms. He was showing us and had us feel the suffering of each of the Kingdoms, which was something inexplicable to express in words or in stories.

But through the prayer of that invocation that He transmitted to us, He gradually transmuted that situation and we saw that various parts of the planet, specifically Asia, were helped.

At one moment in the Apparition of Christ, when He referred to the Animal Kingdom, He showed us, as universal Consciousness, the laboratories, for example, where animals are manipulated. He showed us that the Kingdoms also have a Christic essence, which I don't know how to explain to you. He said that they hold it as essence because they are part of the creation of the universe. And we are modifying this creation.

As the Apparition moved forward, many different states were gradually being treated by the Hierarchy, referring to humanity and the Kingdoms of Nature.

After a moment, They began to pour out the energy of Grace.

Today Mary manifested in a state of deep silence, of a contemplation that is unknown. She was wrapped in a great cloth, a large fabric, and was in prayer, with Her eyes focused on Heaven. She had Her hair uncovered, wearing no veil, surrounded by many Cherubim Angels, small angels.

To the right of Christ, a moment later, appeared the image of Saint Joseph; He was symbolically guiding a flock of sheep. He was grazing them from a celestial level toward this physical level, and symbolically was showing us how He wanted to try and help us and guide us. For a moment, He showed us how our souls were in His arms. He held our souls in His arms. At that moment, He implored the Father through His Chaste Heart for us. Then They had us understand that it was not only for us, but rather for humanity as consciousness. At that moment, Saint Joseph channeled the holy degrees of love He had achieved in this life on Earth, and in this way, He lifted up that offering to the Creator.

Today we went through a very different and special Apparition, because the Three Sacred Hearts showed how They invoked the Celestial Father for Mercy.

After a moment, Christ began to ask that we call His Father, and He said to us: "I want you to sing Elohim," and I asked Him: Is it really, Master?

"Elohim is the Father, you are calling the Father, My Father. I am teaching you to bring the Consciousness of the Father to the Earth, and it is only through the invocation to the Celestial Father that you will know the unknown Supreme Consciousness."

And when we began to sing "Elohim," Mary was divinized, so to speak. She adored what She was listening to and the expressions of Her countenance would change, were transfigured into light. And

Saint Joseph was very..., I don't know how to explain it...

They have us know all these things and these feelings that are not human. It was like a great universal celebration.

Christ was serene. He observed how our souls lit up during the moment of singing "Elohim." At that moment, with His serene vision, He observed how our Christic essence was gradually activated and followed that rhythm of the singing through a deep silence.

At one moment, Christ lifted His eyes to Heaven and through simply making this gesture, different Angelic Hierarchies began to appear. As we sang "Elohim," they congregated in circles of light and a great process of transmutation was liberating the planet.

After Christ built this channel of light, He sent the angels to go down into the terrestrial hell. Then He showed Heaven above us and the hell below us. Those souls that were in hell wanted to latch onto, grab ahold of the angels, of the wings of the angels. But He showed how for some of them, the moment had not yet come for their being freed.

The angels obeyed the indications of the Master and were slowly withdrawing, taking out some groups of souls from that hell. Then that situation closed and we heard the song of Mary and the song of Saint Joseph.

During the moment when we sang to His Heart, Saint Joseph specifically was helping Africa through the offering each one of us was able to generate at that moment.

And to finish, when Christ explained and told us that He felt pleasure at hearing the soul that sang, He was trying to explain to us that for humanity, the sense of the song is very important at this time, because it is necessary to create new vibrations of light on Earth. He explained that this is much stronger when many souls sing in a true way. He says that other positive conditions are created in the planetary sphere and the liberation is more viable and possible for those that did not deserve it.

You perceived that He blessed the crosses at the beginning. They are the crosses that the Daughters of Christic Charity will carry, representing the protection of Christ in the work of service that these sisters have to develop and are developing at this moment.

For this reason, now we are going to participate in the placement of the cross in the sisters that, at the request of Christ, Mother María Shimani will do in them. And after, the little brothers and sisters that are standing here will receive the anointment of oil as a symbol of inner healing.

After, we will participate in the Communion and in other things that Heaven has asked of us. So we are going to prepare our hearts for this moment.
