WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My dear and beloved children,

During this redemptive Lent, may your hearts be sensitized to the harsh planetary reality so that, in a humble act of prayer and supplication, those who suffer the most and have nothing are contemplated by those who have everything and who, in many situations, waste it.

Through your conscious prayers, may the christic spirit of human fraternity awaken in the world so that each human being may perceive that the path to rebuild humanity will be traveled together, as one great universal family.

Dear children, I ask that the feeling of fraternal charity deepen within each of your lives so that you will be able to recognize the Face of My Son through those who, at this time, are crossing the desert of consciousness and living the encounter with their own inner reality.

I call you to become sensitized so that indifference does not govern you and determine the next steps of all humanity, but that through human fraternity, you may purify your ideas and principles, for the benefit of the planet.

I thank you for responding to My call,

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
