Daily message of Mary, Rose of Peace and Mother of the refugees, transmitted during the trip from the Marian Center of Aurora, Paysandú, Uruguay to the city of Córdoba, Argentina, to the visionary Friar Elías del Sagrado Corazón

My dear children,

Awaken! See your Heavenly Mother in a great planetary mission with the missionaries of peace, those who together with Me prepare themselves to meet the greatest needs of love and service in Turkey.

Therefore, your Heavenly Mother, with the missionaries of peace, head toward one of the farthest places in the Middle East to carry out an important, essential rescue of souls, that need to know My Peace.

This way, My children, the missionaries of peace must radiate the spirit of paternity and maternity towards the smallest and most forgotten,

In the upcoming second phase of the humanitarian mission, My missionaries will start to enter the true camp of refugees, the one that is projected in the planetary consciousness of the helpless and those who are marginalized because, in reality, dear children, the total abandonment and exile lives in the spirit of each being.

This next phase will demand that the missionaries of peace face the internal results of human cruelty, something that they will be discovering under My holy guidance as the mission takes place throughout different regions of Turkey.

Istanbul will be the final and hardest phase because My missionaries will see the apex of great human exile.

The service to the children will require spiritual, moral and physical attention to the little ones, those who, through wars or the loss of their families, have lost the joy of living or the purpose of being in this world.

The paternal and maternal love of each missionary is essential, therefore, dear children, I invite all of you to consider this part of the mission as important, because the missionaries must unite themselves to the inner Christ of each little child of Mine, so I will be showing you, My missionary daughters of peace, where lies the need of the greatest maternal love.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace and Mother of the Refugees
