DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF TRINITY , STATE OF GOIÁS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Colombia, as an Andean and indigenous nation, holds one of the most important original legacies of the primitive and wise peoples.

For Creation, the Andes as a whole represents the spiritual elevation of the consciousness of humanity.

All the original peoples who developed there managed to spiritually maintain a union with the Divinity of the Eternal Father.

When the peoples were decimated and enslaved by the white man, a great spiritual and inner wound remained in the last descendants.

This unforgettable wound, which expanded throughout all the Americas, from the peoples of North America, going through the Aztecs, Mayans, and Incas, left a pending debt to be resolved.

This is one of the many causes of what can be seen in this time, a consequence of what happened in other times.

It is this wound that your Mother of Grace wishes to heal and dissolve through the power of restorative love.

For this reason, Colombia is the cradle to be able to again awaken reverence and devotion for the principles of sacred and divine life.

In Bogota, your Heavenly Mother will try to open a celestial doorway of Mercy, and this will be possible especially because of the help of all the groups of prayer present there, during the days of the meetings with your Divine Mother.

For this reason, children, one of the just causes, for which all the groups of prayer of the Americas, especially of Central America and the Caribbean, pray for this Marian objective, is so that as from now, the Law of Divine Mercy may be established on this debt caused by Europe.

Thus, your Mother of Guadalupe will be the patroness of the mission in Colombia and the United States. I will return, as in Tepeyac, to call humanity to a profound reconciliation, for in this way, through forgiveness and communion with My Son Jesus, the Andes and Europe will close a cycle of suffering and cruelty generated in the primitive indigenous civilizations.

Dear children of Mine, for this reason, from now on I prepare you in consciousness, revealing the real story of humanity to you, for God hopes that the same errors will not be repeated.

For this, your Lady of Guadalupe will return to the heights of the mountains of the Americas, so that the Bird of the Sun may emit the voice of redemption and forgiveness.

I thank you for responding to My call!

Who blesses and unites you with Christ,

Your Mother Mary, Rose of Peace
