**Daily Message of Mary, Rose of Peace, transmitted in the city of São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón**

Dear children,

Holy must be the corporeal death that is consummated with the Sacrament of the Anointing of the Sick. It is in this way that the soul, through the mediation of the priest, frees itself from antagonistic and earthly aspects to achieve the Grace of redemption.

Holy must be the corporeal death, because during the agony when the consciousness receives the Grace of the Anointing, the obstacles that stop the soul from flying toward new skies disappear since, in essence, the spirit also is blessed by the Holy Anointing.

Holy must be the corporeal death because before leaving the soul receives a great flow of prayer, it is assisted in achieving new steps and the whole consciousness is elevated to new schools.

Holy must be the corporeal death, because when the consciousness is anointed, all the healing the spirit needs is poured out so that it may free itself from the past and go on to live the eternal present.

Holy must be the corporeal death, because when the priest anoints the sick or the dying, they will be anointing the inner Christ of each being. In the name of the Lord, they will be opening the doors to divine and unfathomable Mercy.

I thank you for responding to My call!

Who blesses you and loves you,

Your Mother Mary, Rose of Peace
