Daily Message of Mary, Rose of Peace, transmitted in the city of San Giovanni Rotondo, Foggia, Italy, to the visionary Friar Elías del Sagrado Corazón

It is extremely important to experience the Sacrament of Communion with My Son every day because it strengthens the life of the spirit and the living of the path of redemption.

Communion with Christ builds new goals and makes the path of the spiritual life more light-filled and peaceful.

To experience Communion with My beloved Son means and represents the living of His sorrowful Passion and the renewal of the sacrifice of the Lamb of God.

This Lamb brings eternal life with it and draws souls closer to the experience of rehabilitation.

The Lamb of God grants Divine Mercy and atonement of the faults committed throughout life.

Thus, Communion with Christ renews the spirit of faith and unconditional service to the Plan of God.

The Sacrament of Communion offers freedom from the human condition and the deepening of surrender to Divine Will.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
