Daily Message received of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

I am the Mother of the Universe in the essence of the Golden Ray, because through it, all universal impulses descend toward the world so that humanity may achieve redemption and conversion.

Through the Golden Ray, a consciousness can access science and wisdom and thus understand the fusion that exists between matter and spirit.

Your lives are universally ruled by many Rays, but the Golden Ray concentrates the perfect union of the spiritual plane with the material plane; it is the Ray that allows two such different realities to be united.

The Golden Ray is capable of bringing understanding to the consciousness about to the invisible, and thus, this Ray allows each spirit to penetrate the mystery and love the unknown.

This is the Ray capable of awakening inner wisdom and it is broadly complemented by the Golden Ruby Ray, creating a deep understanding of celestial mysteries throughout all space.

The Golden Ray is a principle of regeneration of all that has been created; it opens the doors so that other Laws may act within material life.

The Golden Ray allows for the attraction of more elevated vibrations and it can be seen in consciousnesses that reveal a devotion to the sublime planes.

It is the Ray that creates divine fire and expands it in different degrees of manifestation.

The Golden Ray allows for the recreations of spiritual spaces and generates an inner expansion of universal knowledge when the latter is loved with devotion.

Its principal essence is the First Ray, that of Will.

I thank you for responding to My call!

Who leads you to the divine essence of the Rays of God,

Your Mother Mary, Rose of Peace
