Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

When the soul is in the emptiness of self, it can take new steps and open the doors to new lessons.

In this time, to be in the emptiness of self also means to renounce and with great joy, accept what the universe sends as a test.

Emptiness of self is not a state of suffering nor of detachment, it is more than that; it is the possibility to embrace the Will that comes from Above with determination, and thus, live it with infinite gratitude.

In these times, souls will be placed in this experience so that they may define whether their lives will be closer or further away from My Son.

This cycle, which all humanity is facing, is definitive and will make the difference whether the Plan manifests or delays in being consciously in the life of all servers.

The emptiness of self is a step toward an unknown and immense trust.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
