Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Dear children,

I am the Rose of Peace. I am the spiritual Flower opening in your hearts so that My children find the beauty of Creation.

I am the essence of Life. I am Who in Her purest womb gestates the new principles of humanity. Thus, I ask that you open to My universal Rose so you may come to know the inner beauty that God left stored in each human heart. It is the essence of Love that will cause you to live the Will of God.

I am the Rose of Peace so that My children may be witnesses that there truly is a sacred path to walk along, and all are invited to discover it through prayer.

There is a way for you to purify yourselves every day without suffering or frustration. That is why, on this day I show you the Rose of Peace, so that you learn to express the same beauty of My Heart.

Find encouragement in everything I say to you; we deeply desire the new soldiers of Christ to ignite the attributes in their hearts, so the spiritually sick planet may be filled with the gift of God's Love through His children.

Simply seek to reflect the kindness of your spirits; this way, you will be able to stand before the doors of redemption without any fear.

Trust in My humble hand which I lovingly hold out to you, so you may see it is possible to unite to My maternal Heart and walk together in the faith that one day everything will be different.

I thank you for responding to My Call!

Who gathers you together in the essence of My Peace,

Your Mother Mary, Rose of Peace
