Daily Message of Mary, Rose of Peace, transmitted in Manantiales, Punta del Este, Maldonado, Uruguay, to the visionary Friar Elías del Sagrado Corazón

My dear children,

I am the Mother of the lost. I am the unceasing Spirit that searches for souls that are without God.

Dear children, I am the door for your conversion; surrender, then you will be on the correct path, and you will be guided by the spirit of wisdom and of truth.

Children, the time is growing shorter and the whole of humanity does not believe in this, sins are sold and bought as something natural and superficial. Reconsider, My children, you are in time.

I am your Mother Who comes to help you and to lead you to the fulfillment of the Purpose of love.

Dear children, do not become separated, unite more each day. May your search be based on the Love of God, a love that resolves and heals all things.

My children, I come to seek the good in each one of you, I come to help you become aware of what you do well and what offends God.

Dear children, I come to help you mature in your heart; I wish to convert you into Christs, into apostles of the new time. But for this to happen, My children, your permission will be the door that will open so that Christ, your Savior, may dwell.

Dear children, be bearers of My Peace rather than disseminators of the anger that blinds the trusting heart.

Be the best you can be; but children, do not forget to love.

I come to teach you to walk in faith and in the hope of always being able to see and feel My Son in the depths of your spirit.

Justify your consecration to God; My Son expects your transformation to be the test and the confirmation of this sacred path that you chose to live.

The new time calls you to a consciousness redeemed by the Love of Christ. The hour indicates the beginning of the inner apostolate.

Children, I am your Mother and I love you; I am waiting for your immediate response; in this way, My plans will be accomplished in this sick world.

I thank you for responding to My call!

Who grants you the peace of your heart,

Your Mother Mary, Rose of Peace
