Daily Message of Mary, Rose of Peace, transmitted in the city of San Giovanni Rotondo, Foggia, Italy, to the visionary Friar Elías del Sagrado Corazón

May the Light of God convert and modify all that is necessary to redeem.

May Divine Light fill the deepest spaces of the consciousness and make each state a principle of redemption.

May Divine Light convert and transform each aspect of life and realize the Plan of the Creator.

Feel yourself to be free, child, of the chains that imprison you, for the time will come for taking the great and last step toward Divine Life.

Meanwhile, continue fighting with all the strength of your heart, for in the heart is held enough love to make of each lesson an opportunity for forgiving.

Walk on the pathway of My Son; He offers the path of perseverance and of peacemaking.

It is in the change of consciousness that the opportunity for elevation can be found, and every day, make each stage of life be a great experience of love and of transcendence.

Let us live the change in these times. Let us await Him with joy, for it will be good news.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
