Daily message of Mary, Rose of Peace, transmitted in the city of Fatima, Santarém, Portugal, to the visionary Friar Elías del Sagrado Corazón

Today I am the Lady of the Light and with this Light, which comes from God, I illuminate the paths of My children.

I am the Lady of the Light and with this Light I guide the paths of the servers of Christ.

I am the Lady of the Light and with this Light I deposit and pour out the Gifts of God upon the most needy souls in the world.

I am the Lady of the Light and with this Light I establish the Kingdom of the Heavens, first in the inner world of each being and afterwards in the consciousness of the world.

I am the Lady of the Light and with this Light I indicate to My children the path of ascension and redemption, because in this way the consciousnesses will be liberated from the past.

I am the Lady of the Light and with this Light I fulfill the promise of the emergence of the New Humanity.

I am the Lady of the Light and with this Light I bring from the Celestial Universe what humanity needs most, so that new patterns arise that will cause the consciousness of the world to change.

I am the Lady of the Light and I raise My children towards the Source of Love. This Source can be closer to the world when the hearts surrender to Me.

I am the Lady of the Light and with this Light I decree the beginning of a new cycle.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
