Daily Message of Mary, Rose of Peace, transmitted in the city of Santiago de Compostela, La Coruña, Spain, to the visionary Friar Elías del Sagrado Corazón

And now, your Heavenly Mother is going to Lourdes, taking firm steps on this mission of redemption of the planet.

Her children also follow Her with firm steps until She arrives and places Her feet on the heights of the Pyrenees, where once again, as in 1858, She will give the needed blessing for a very asleep French nation, hypnotized by the worldwide reality.

Once again, your Heavenly Mother will arrive in Lourdes, Her special home, so that from there, the French people may receive a little more Mercy, and that all they experience today may be more balanced and fair.

That is why your Heavenly Mother will only use the great mirror of prayer to radiate new things from Her simple hands that will allow this moment to be an opportunity for a greater awakening.

The time has come for My children of France to have the Grace of receiving the same impulses as Portugal, Italy, and Spain.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
