Daily Message of Mary, Rose of Peace, transmitted during the journey from the city of Burgos to Santiago de Compostela, La Coruña, Spain to the visionary Friar Elías del Sagrado Corazón

May the light that St. James the Apostle left imprinted on these paths serve for souls that have long searched for the Path of the Lord.

Walking the Path of St. James is to accept the path of redemption and apostleship that My Son offered all His followers.

To experience the Path of St. James is to offer oneself, as an apostle of the Lord, so as to find the paths of purification, redemption and rehabilitation.

St. James the Apostle walked this path to carry the word of the Good News to souls and to make that moment an opportunity for souls to, at some moment, find the Love of the Lord.

To follow this path is to accept the experience of the personal cross and to learn, through the experiences, to carry it with courage and resolve.

The Path of St. James opened doors for the evangelization of the West and for the redemption of this part of the planet.

St. James the Apostle was spiritually accompanied by the Mother of the Apostles so that he could accomplish the mission that My Son had entrusted to each of His Own.

The Path marked by St. James was later traveled by the feet of the simple Mother, the Mother of Jesus, carrying in Her hands the great symbol of the Grail, and thus awakening the life of ministry in all.

The Path of St. James was later the path of the Most Holy Mary.

I thank you for responding to My call.

Who blesses you, now and always in love,

Your Mother Mary, Rose of Peace
