Daily Message of Mary, Rose of Peace, transmitted in the city of Oporto, Portugal to the visionary Friar Elías del Sagrado Corazón

My Son comes to the world in Spirit and Divinity to justify before the universe the salvation of the current humanity.

The Lord descends in His Glory on these dates to demonstrate that it is possible to reverse all that this race generated in these last times.

Only the essence of love and compassion will allow something to change quickly in order that souls may perceive that the path of rescue is different, which is now being lovingly offered by the sacrifice of the Son of God.

The union of each being with the Love of Christ will allow those sacred bases of salvation to be strengthened in a world that remains at the same point of indifference as it was two thousand years ago.

Thus, My beloved Son now comes with the power of His Divine Mercy to awaken the apostolate for this task of the end of times, in those who in other times, have united with His meek Heart.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
