Daily Message of Mary, Rose of Peace, transmitted in the city of Santiago de Compostela, La Coruña, Spain to the visionary Friar Elías del Sagrado Corazón

My dear children,

Today your Heavenly Mother finally accomplishes Her divine expectations, on being able to gather in love, in faith and in brotherhood the representative members of My Work of Peace in the world, of Medjugorje and of South America.

In this way, today, especially, the Mother of the Most High is jubilant, for having present here, in Santiago de Compostela, one of the ambassadors of peace, a daughter of Mary and servant of the Sacred Heart.

Your Celestial Mother, through this special internal meeting, gathers Her self-summoned to deliver into their hands and above all into their hearts, new projects of brotherhood and of unity that will be based on love and the experience of peace.

In these times of planetary crisis, the Mother of God will be extraordinarily gathering the apostles and servants of Christ so that, as souls, regardless of where they are, they may carry forward the Redemptive Work of Christ.

Today, your Celestial Mother expands the universe of Her Work in the world, strengthening the foundations of devotion through faith and love, built over many years in Medjugorje and in South America.

It is not by chance that before the ten years of My Presence among you are completed, the Mother of Jesus takes you spiritually by the hand to Medjugorje, so that there, humanity may also see that I am the same in South America and in Europe.

I would like that on this day you are able to reflect upon this event, and that from the bottom of your hearts, you are grateful for participating in the concretization of My victory in this Work of Peace and of Love.

May many more souls be able to awaken at this time to this call so that more hearts unite with this stream of love and of brotherhood.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
