SPECIAL MESSAGE OF THE VIRGIN MARY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY SISTER LUCIA

When My gauze looks over the Earth, it comes filled with the Spirit of God, so that the Divine Source of Creation may radiate His Gifts and His Light to the Earth.

The Holy Spirit is the living Consciousness of God which reigns among creatures; a part of Him that exists to illuminate matter and divinize it.

The Spirit of God descends upon humanity in the form of aspiration, instruction, life-giving Light that restores all. One can perceive the presence of this Holy Spirit in the illumination of knowledge, when you have clarity and understanding of the Truth; in the illumination of the spirit, through the spirit of love and of humility; in the illumination of matter, through the constant rebirth in God the Father.

The Holy Spirit, My Children, is the Source of Eternal Creation that permeates the universes. The creative power of humanity comes from the Holy Spirit, and to be able to deal with this gift of creativity, which makes you in likeness to God, it is necessary to permanently invoke His Spirit.

In the life of Mary, Jesus, and Joseph, the Power of the Holy Spirit reigned perpetually, because even if we did not know Him in truth, we invoked Him permanently, until this Holy Spirit revealed Himself, in silence and solitude, to each one of Us in secret. Our eyes were illuminated by the presence of the Holy Spirit and Our gaze has become merciful forever. Our hands were blessed by the Holy Spirit and just as Jesus healed, Mary consoled and Joseph brought graces of charity to all who came in contact with the material of His carpentry.

Each being who received from Joseph anything made by Him, always for free, received from the Holy Spirit a special Grace. On the tables that He made, the food that the families needed was manifested; the planting tools gave rise to healthy and abundant plants from the soil for all to eat, and thus each instrument that He made in His carpentry work carried mysterious graces to those who received them.

The children who were instructed by Joseph were instructed above all in love and in the power of creation through this love. Joseph, full of the Holy Spirit, taught the children to work with charity and to create like the angels, to live in silence, chastity and prayer; and many of those He had taught His carpentry to became beloved disciples of Jesus.

The Holy Spirit worked in different ways in that simple family, always in secret, always in silence. Silence is the first key for those who seek the Spirit of God; solitude with God is another step that must be taken by the soul that aspires to unite with His Holy Spirit because the most precious Mysteries of this life on Earth are revealed in the silence of one's own heart.

The Holy Spirit makes Himself known to those who await His presence with simplicity, who keep their soul united with God, and who work on Earth with charity, humility and silence.

To achieve the eternal presence of this Spirit, you must eternally aspire to be with Him and to live in God and, when the mind aspires, the emotions aspire and the soul also aspires. In this way, exercise yourselves in charity and in silence, exercise yourselves in prayer and in peace, in understanding and in admiration of your neighbor; thus you will achieve a humble spirit and the Spirit of God will finally be able to approach your hearts.

I bless you always.

Mary, Mother of the Divine Conception of the Trinity
