Daily Message of Mary, Rose of Peace, transmitted in the city of Santiago de Compostela, La Coruña, Spain to the visionary Friar Elías del Sagrado Corazón

Spiritual and inner treasures were pricelessly given to hearts that opened to receive them during these last two days of merciful prayer. Uncountable fruits were given into the hands of those who were consistent in the task of merciful prayer.

Now the time has come to be vigilant and make of these spiritual gifts true jewels that come from the Spiritual Universe for the most needy. All this is the work of the Divine Source, because of the Purpose and, at the same time, because of Justice.

Who has ears to hear must hear for the Lord has invisibly given an inner legacy to the souls that said 'yes' to Him from the beginning and responded to Him. This is cause for joy because something so spiritual and important that would never have been received by souls was today perfectly placed in the essences that once again opened to the Love of the Creator.

A new phase begins; souls will no longer be the same as yesterday nor as in the past; they are now different, as of today.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
