MESSAGE FOR THE VIGIL OF PRAYER, RECEIVED IN THE CITY OF SALTA, ARGENTINA, TRANSMITTED BY MARY, QUEEN OF PEACE, TO THE VISIONARY SISTER LUCÍA

Dear children,

This morning, I come to announce that My Heart will be amongst you throughout the day, accompanying the vigil and the prayer that you will join together with Me. Therefore I expect from your hearts a total openness to the Lord, so that His Kingdom may come to Earth and remain on it, for the rescue and salvation of souls.

This is a week of special Mercy because the Lord has allowed Me to be even closer to My children and, together with them, work for the salvation of souls.

On this day I gather the offer of everyone, so that you may place at My feet, not only the talents of your hearts but also the miseries. And to find, together with Me and through Me, the path of conversion; I tell you that the shortest path is service, prayer, confession and fasting.

When you pray for souls with the same fervor with which you pray for yourselves, when you cry out for the world with the word that emerges from the depths of your being, the Lord turns his eyes to the earth and sends his hosts help, bringers of redemption and Mercy.

When you serve with gratitude, peace and reverence for souls, Divine Mercy finds a space within your hearts so that, through them, it may be poured out to souls.

When you confess to God and to Christ, removing the sin and bitterness of the heart, when you are able to forgive your neighbor and yourselves, you are releasing the sin of the world and are giving an impulse to the souls that are unable to do it.

When you fast with sincerity and feel hungry on behalf of those who truly have nothing to eat, you balance the evil of the world and you give an opportunity to those who have nothing, to receive what they need one day.

It is necessary that you know how to practice what I ask of you with a broader consciousness, with the intention of the benefits that the world will receive, far beyond what each of you may receive.

If you act this way, acting for the good of the world, and may the good of your beings be a consequence, you are taking great strides towards Heaven, and soon you will be by My side.

Count on My Presence, My help and My motherhood.

Listen to My Words with love. I come to instruct you and accompany you, tracing a path of humility for your hearts.

I love each of My children.

Mary, Queen of Peace.
