Daily Message of Mary, Rose of Peace, transmitted in the Eagle of Light bus during the journey from the city of São Paulo to the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

Today I come as a ray of Light to the world to reignite it with love and with peace.

In order for this to happen, children, the help of all of you is indispensable. That illumination of peace and of love victoriously took place during this last pilgrimage, and the seeds will be able to sprout in those souls that in some way were touched by the Mercy of God.

That is how, after having gone through all of this last pilgrimage, your hearts will already have matured in consciousness, which means to live in the Universal Laws and to fulfill them. All have seen how the souls of the world are lost and do not fulfill the basic laws; because of this, they need to be rescued by Our hands.

On this day, the synthesis of what has taken place on this last pilgrimage must be available for all of your brothers and sisters; because it will be fundamental for those who remain in the Centers of Love to learn and to know what is experienced in the world and how necessary it is to step out of oneself in order to solve the spiritual needs that are experienced by millions of inner worlds.

For all the efforts experienced, I thank you for having accompanied me.

Who blesses you,

Your Mother Mary, Rose of Peace
