Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

Each time I descend from Heaven, it is to bring you something that, day by day, will strengthen your hearts.

In the same way, each time I rise to Heaven, it is to take something from your hearts with Me, a warm offering of prayer and of love.

In this way, an inner communion is established, capable of helping in many issues on the planet that are in need of redress and, at the same time, of liberation.

In your offering, there is the possibility of renewing the planet; in your giving of self, there can be incalculable opportunities for all.

Dear children, with great joy give your souls and lives into the Hands of God, because the Father will always place you on the correct path and in the right place, within the spiritual development of His Plan of Love.

I would like the attribute of the giving of self, which on this day must be expressed with inner strength, be able to make this humanity, every day, a more fraternal and charitable civilization with all that surrounds consciousnesses.

Dear children, the key of the giving of self was what allowed My beloved Son to carry on with the Work of planetary redemption.

Think, then, about what I am telling you today.

I thank you for responding to My call!

In inner and maternal union,

Your Mother Mary, Rose of Peace
