**MESSAGE FOR THE MONTHLY APPARITION IN THE CITY OF SANTA FE, ARGENTINA,
TRANSMITTED BY THE VIRGIN MARY, MOTHER OF BROTHERHOOD TO THE VISIONARY FRIAR
ELÍAS**

Feel the sweet Voice of My Heart within you and firmly embrace the nets of salvation that I give you. Leave behind all that makes your heart suffer and see My Heavenly Light coming now on the beautiful horizon. Give Me all that you are and allow My hands of compassion and love to caress your face, wash your hands, and prepare you to receive in the night the Great Lord of the Universe, Jesus Christ Your King.

I come every day to make known to you the Divine Mysteries of Heaven. I come to meet you with the Sacred Hope that you may walk lovingly at My side. I have always been Your Heavenly Mother, I Am the Flower that opens to the rays of the sun and expresses the beauty of Creation.

Find Me in the love of your prayer. Seek Me in the manifestation of nature. I Am the steadfast tree that sustains the good fruits, those that in the coming time will be harvested by the Shepherd of souls.

I want you to trust in what I ask you, I need you to be reborn through the Fire of My Devotion. I wish to see over the world pillars of prayer and banners of Peace and Fraternity. The Father has waited for His children since the beginning.

Today My Faith is poured as a fountain in the hearts that open themselves to feel My maternal words. I want you, on this day, to be able to give your YES to the Celestial Father, because the Lord expects the best and the good from you.

Stay in My arms, as Jesus once did. Let that which I have foreseen be fulfilled in you. I hope that you may know the light that comes from Heaven and the latent love of My Heart. Surrender yourself to My Heart and you will know that which you still have not known, you will recognize the Love of God in your heart.

While many souls despair for lack of comfort and peace, I come to awaken the soldiers who have fallen asleep in the sleep of this world.

Encourage yourself to be that which you still are not, I will help you. To all the children consecrated to My Immaculate Heart, I say:

That a Child of Mary is a spark of devotion that illuminates the darkness.

A Child of Mary is an apostle of Christ who serves in full and opens themselves to find charity.

A Child of Mary is a soul that is willing to fulfill the requests of Heaven and has offered itself to help materialize them.

A Child of Mary is a servant who consciously prepares the coming of Christ, because a Child of Mary is a collaborating soul that is at the complete and absolute service of the Immaculate Heart.

A Child of Mary represents the manifestation of the ray of Peace for this world.

A Child of Mary is like a bridge that intercedes so that souls may be relieved.

In Christ you are all potential Children of Mary, the Lord opens Himself to receive your offers. My Heart is grateful for your efforts to accompany Me.

I thank everyone in Santa Fe for having answered to My call to conversion!

Know, dear children, I need you as you also need Me. Will we help each other?

I protect you and I bless you,

Your Mother Mary, Most Holy Queen of Brotherhood
