Daily Message of Mary, Rose of Peace, transmitted in the city of São Paulo, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

While your Heavenly Mother is still in vigil and prayer over the city of São Paulo, I wanted to tell you that the inner and intense work that My beloved Son performed within you, was very profound and transforming.

Furthermore, your Holy Mother waits patiently for some souls of this nation to become aware and to feel pity for the Lady of Heaven, opening their pockets and helping like good guardians so that the mission to Central America may be carried out.

My intention is not to take anything from you, but rather to have you become aware of planetary fellowship, for the common good of all of humanity and all nations.

Here in the city of São Paulo, there are souls that could, from time to time, impel and concretize all the divine projects of your Heavenly Mother.

Thus, on this Saturday, I bring you this revelation so that the majority truly know that everything belongs to the Creator and His Creation.

For this reason, My children, My aspiration as a Mother is that Brazil, as well as other nations of the Americas, may be able to stand in solidarity and unite, to seek beyond everything, the harmony and Mercy that all the peoples of the world need.

On this day, I come to awaken you to a faithful brotherhood, chastity in material things and austerity in spiritual assets.

I come to teach you to share, just like the Sacred Family shared everything it had.

I invite each Brazilian to weave My Mantle of Light in the world through charity and sharing; thus, you will make the planet a place of equality rather than of imbalance and great poverty.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
