DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

All the works within the Campaign for Peace must be spread on all media of communication used for this purpose, thus the majority of souls will have the opportunity to know this Marian mission for peace in the world.

My wish, at this moment, is that the new Campaign for Peace, which is protected by the Virgin of Guadalupe, will be known, especially the mission in Central America and Mexico.

I would like to ask all those who pray to once again allow the world to know the different campaigns that are being carried out, so that the Sacred Hearts can pour all Their Graces over Central America and Mexico.

My children, I want other souls to be motivated and enthusiastic to be part of this Marian mission.

This is why Association Mary, as the organizing body of this activity, must immediately publish the distinct campaigns which the groups of prayer are carrying out in their different nations.

I would like this Campaign of Peace to be registered and documented in the portal of the Divine Mother and that any consciousness, anywhere in the world, can know about this divine cause.

I accompany each of My children who, in their nation, will be inspired and will strive to help with the plans of their Heavenly Mother.

I am very grateful.

I thank you for collaborating with My Campaign for Peace!

Who loves you,

Your Mother Mary, Rose of Peace
