Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

The surface human being, who was created in the image and likeness of God, exists in this world and within this Project of the Creator to learn to love, to forgive and to transcend.

This planet is an infinite school of opportunities to be able to take steps toward the complete consecration of the consciousness.

Each experience lived, throughout time, means for souls the opportunity to find an inner union with the infinite.

The debts that each consciousness carries are also part of that experience of love and of forgiveness; it is the possibility of finding more and more elevated degrees of love and of redemption within the consciousness.

It is at this time on the planet that hearts can learn more quickly and draw closer to the attributes of patience and of meekness so as to know how to go through the times that will come.

All are invited to find, in each stage of their life, the opportunity to expand the consciousness a little more.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
