Daily Message of Mary, Rose of Peace, transmitted in the city of Campinas, State of São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón

Dear children,

Original Purity is what humankind from the surface cannot lose, and it is that Divine Purity that My adversary tries to decimate every day, making it disappear from the consciousness of many.

That Original Purity allows the Plan of God to be reformulated in humanity time and again. It is what makes it possible for consciousnesses to evolve, as established by the divine Law of Creation.

Dear children, this Original Purity is what is being attacked first by My adversary in the souls of Venezuela. This Purity is trying to be dissipated through the conflicts, the absence of love and the confrontations among the people of this country.

In this hour, your Heavenly mother works untiringly to be able to reverse this situation; your Mother of Love fights against Her eternal rival. Everything is allowed.

It is for this reason, My children, that on this day I bring you an awareness of the true need for cooperating and helping those most in need.

Essential Purity must not disappear from the planet nor from humanity. Work every day to protect this divine energy; at least, children, do it for those who do not protect it and who experience the fear of these times.

Dear children, I give you inner freedom so that, as collaborators of the Plan, you can be attentive and awake to the great service for the planet and for this needy humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
