MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SANT ESTEVE, MONTSERRAT, BARCELONA, SPAIN TO THE VISIONARY SISTER LUCÍA DE JESÚS

I come as a new Sun, to illuminate the world and remove it from the darkness.

I come as part of the Holy Heart of God, so that His Name may be known and loved by all creatures.

I come so that humanity may know peace, proclaim it and live it every days of its existence.

I come at a time of wars and conflicts, in which the nations are beginning to collapse, one by one, as a consequence of their actions and their deceptions; due to worldwide deception and blindness, in which humankind lie to one another and to themselves, but they will never deceive God.

I come to a world without brotherhood and without love, in which the nations promote wars and conflicts with one another, to stand out and benefit from the suffering and from the lack of those who suffer from this illusion.

I come for the innocents who are losing themselves in this play of human forces, without understanding why they suffer so much, and who ask themselves where God is to support them.

God, children, contemplates each heart and humanity as a whole. If human beings do not open the doors to Him, do not cry out, do not pray and do not seek peace, how will He be able to reach those who are most in need and feel forgotten, not only by humanity, but also by their Father?

I come for an ignorant humanity, which needs to understand that the time for games and spiritual childishness is over, because of the consequences of their illusions is seen in the decadence of the nations, of the cultures, of the religions, of the souls, of the Kingdoms of Nature.

I come for the Kingdoms, which cannot lift up their word to humanity to ask for Mercy and peace, to ask for the end of the blood shed on the earth and in the oceans, for the end of the martyrdom of the trees, of the imbalance generated in the minerals so that humankind can adorn their bodies and strengthen their illusions.

I come for the consciousness of a planet that is alive, that suffers and endures with all the innocents, both in nature as well as in humanity, and which is not heard except by God and by the Universe, when it calls out for life and for evolution.

I come today to make an appeal together with My children for a world with more peace, so that each one who hears Me may build this peace in their own life, and testify to their transformation, through example and through prayer.

I come to ask you to spread My Call beyond the borders, the beliefs and religions, because I do not ask but for hearts to strengthen their faith, and this being true and pure, and if it leads you into loving a neighbor and God above all things, that you live it fully and without deceptions.

I come to ask you for inner unity among cultures, respect among religions, an understanding of the paths that God inspired His children to live, not so that they compete with each other, but so that, in the diversity of His creatures, each one might find the way to reach His Heart, be it through Buddha, Mohammed, or Christ. If you are sincere and seek to express Love, all will reach God, and there you will understand the essence of unity, which today your minds cannot conceive of because they are so full of human concepts and ideas.

I am here as a simple Mediator, as the Co-redeemer of this Plan of Love, as a Celestial and Divine Mother sent by God to guide humanity to return to the Origin in the Heart of the Celestial Father.

I do not ask you to worship Me, but rather that you listen to Me and unite with the Purpose that I bring you, recognizing it as true in light of the need of the world.

It is not I, My children, who needs your prayers. It is you, as humanity, who must learn how to pray, to save yourselves and to lift this world out of blindness and the spiritual and almost physical captivity in which it finds itself.

I only ask that you unite with God and understand His Love for life and for each one of His creatures. To understand each human being, as well as each element and species in nature, as a precious jewel of the Creator, an indivisible part of the Heart of the Father. Each time one of His children is lost, it is His Heart that suffers, that grieves and that dies with this little essence that comes from Him.

My Call is for Peace, for Truth and for the experiencing of Love among creatures. All the mysteries will be revealed to the eyes that live in this way, responding to My call. And everything will be fulfilled if My requests are fulfilled in your lives.

I love you and I bless you,

Your Mother Mary, Rose of Peace
