MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Behold, I will come from Heaven with the Scepter of God to open the dimensions, decreeing the Power of the Divine Light and of His Will.

I will come from Heaven with the Scepter of God to open the doors to His Kingdom and dispel the illusion from the eyes and the hearts of My children, so they may recognize the Truth and follow It.

I will come from Heaven with the Scepter of God, which symbolizes My profound union with the Creator, symbolizes My Origin, and shows ignorant hearts of the world the real existence of the Celestial Mother.

I will come from Heaven with the Scepter of God, demonstrating that the Divine Verb is One, not only with the Son, but also with the Mother, with the Pure Womb from which all things emerged - including the Son, Who is One with the Father.

I will come from Heaven with the Scepter of God so that all souls and all spirits may recognize the Divine Authority given to Me from the beginning; that they may recognize the new cycle during which My Womb will gestate new things, just as It has gestated everything which has been created until today.

I will come from Heaven with the Scepter of God, and many will recognize Me, but they will not understand that this is Divine Power, until this Power touches their eyes and frees them from blindness and from evil.

I will come from Heaven with the Scepter of God to unite what was separate, so that minds yield and hearts open to Divine Truth.

I will come from Heaven with the Scepter of God, as I come today, and all eyes will see Me, because when that day comes, I will no longer be preparing for the Return of My Son, but rather, I will be bringing New Life in My Womb, which He will establish after His second coming to the world.

With this I tell you that, after the Son, the Celestial Mother will come. I will prepare His Steps in Spirit and in Divinity, just as I prepared His Path in silence when He was on Earth. But after His Promise is fulfilled and the Scriptures of the New Time, expressed in the Words of the Divine Messengers, are also fulfilled, I will come with the Scepter of God and will rebuild the world with My children.

I will make known to you the New Child, that for all this time I have been gestating within Me, and this Child will be born and will grow within those who are persevering and who, defeating themselves and becoming empty of self, completely surrender to God.

In the same way that My Son once ascended, He will ascend again, and just as I helped the Apostles of that time, I will help all of you. Together we will build the new world, the new time, and the dimensions will become visible.

In that moment, miseries will no longer predominate in your lives. Your transformation will no longer be just a battle against the capital forces of this world, which live within and outside of you; the transformation will be eternal and constant, because everything in the universe is transformed; however, I tell you, My children, that when I descend to the world after My Son, I will bring you a new life and I will make known to you a new path, on which the transition between the old and the new human will be consummated. And your steps will consist in uniting with the universe, recovering your filiation with God and being reintegrated with His Laws.

I will make known to you the principles of unity with all life, and the pride which today causes many to feel unique in all of Divine Creation will disappear, and you will recognize all the life that has dwelled in the Cosmos since the beginning, and which in humility, waits for you to grow up and awaken.

Behold, I will come from Heaven with the Scepter of God and will establish peace within and outside of you, in this world and beyond. But until that moment comes, persevere, surrender, humble yourselves, forgive everything, including yourselves, and seek the void, with constancy and faith.

For soon the day will come in which you will see the Scepter of God in My hands, and you will give thanks for seeing the fulfillment of everything that I once told you.

I thank you and bless you, so that you do not lose faith nor the divine hope of seeing the Sacred Scriptures of these times fulfilled.

Your Mother Mary, Rose of Peace
